

# BRITISH FIGHT AMERICAN MEAT PACKERS

## RENNER WILL RETURN TO ST. GERMAIN AND PACT WILL BE SIGNED

Head of Austrian Delegation Tells Correspondents He Will Affix Name to Peace Treaty; Ceremony Probably Next Wednesday Forenoon

Vienna, Sept. 6.—Dr. Karl Renner, head of the Austrian peace delegation, has informed the newspaper correspondents here that he will return to St. Germain Sunday and sign the peace treaty handed the Austrian delegation this week.

Paris, Sept. 6.—Dispatches which reached the Peace Conference to-day from Vienna indicated that the Austrians probably will formally decide to accept the peace treaty. Chancellor Renner is expected to return to Paris immediately, in which case the treaty will be signed Wednesday morning, September 10, at St. Germain.

The dispatch from Vienna reporting Dr. Renner, who is also

## UNPAID CITIZEN ARMY SUGGESTED

H. M. Mowat, M.P., Has Plan For the Defence of Canada

Ottawa, Sept. 6.—A citizen army without pay is suggested in a motion by H. M. Mowat, Unionist member for the Parkdale Division of Toronto, will offer in the Commons. The motion provides that "in the opinion of this House, it is the duty of every citizen in a democratic country to be ready to defend it, and that it is desirable as much as possible to save the expense of a standing army and substitute for it the training of all young men physically fit and a reserve force of those already trained; that such training be done for such periods and times as will not interfere with industrial life, and that no pay be given other than for personal comfort allowance."

## MR. WILSON SPEAKS IN KANSAS CITY

Says Peace Treaty Is a Charter For a New World Order

Kansas City, Mo., Sept. 6.—President Wilson repeated to a Kansas City crowd to-day to support the peace treaty as a charter for a new order of world affairs. Making his third speech on the treaty in Missouri to a capacity audience, President Wilson spoke in Convention Hall, said to accommodate 15,000. When the President, accompanied by Mrs. Wilson, appeared on the platform of the vast auditorium, the crowd, each of whom had a small American flag, arose and cheered for more than two minutes.

Through Streets. President Wilson had been cheered as the presidential party passed three or four miles of the city's streets to Convention Hall. Mr. Wilson was introduced by B. A. Parsons, president of the Kansas City Chamber of Commerce. In his address the President covered many of the same points of the treaty he had discussed in previous addresses. He said he had come to report to the people direct about one of the greatest documents in human history.

## FRENCH CHAMBER AND PEACE TREATY

Paris, Sept. 6.—The Chamber of Deputies discussed the financial clauses of the peace treaty yesterday afternoon. M. Bedouie, a Socialist, advocated that the League of Nations assume a proportion of France's debts. M. Klotz, Minister of Finance, argued that the solution of this question which had been reached was the best obtainable under the circumstances.

## BONUS CAMPAIGN STARTED BY VETERANS

G. W. V. A. Determined Parliamentary Committee Will Meet Soldiers' Deputation

Returned Men Decline to Take Prime Minister's Refusal as Final

Toronto, Sept. 6.—The Toronto Star in its news columns to-day says:

"The Great War Veterans' Association and the Dominion Government are at odds following the Government's answer to-day to the Dominion executive of the Great War Veterans' Association refusing to meet a committee of three war veterans on the question of the re-establishment bonus for all returned men of the Dominion."

"A non-committal answer from the Prime Minister a week ago to-day brought forth a message from the Dominion command which was little short of an ultimatum, and it is understood a time limit was set for the government's answer. The result of this was a conference of several hours early this week between Sir Robert Borden and the Great War Veterans' Association, at which the Prime Minister promised consideration of the suggestion. To-day the Government issued a reply to the veterans stating that it would not appoint a Committee for a conference on the re-establishment bonus."

"Within a quarter of an hour of the receipt of the answer a Dominion-wide campaign was inaugurated by the Dominion command, through the treasurer, C. G. Macneil. This morning every branch of Great War Veterans' Association in Canada, with a membership of approximately 250,000, received a wire containing detailed instructions for action in the campaign, which has as its object the appointment of the Parliamentary Committee as originally suggested in spite of the Prime Minister's refusal."

## CARTIER STATUE UNVEILED BY KING

Sovereign Pressed Button in Scotland; Montreal Monument Unveiled

Montreal, Sept. 6.—King George this afternoon, by pressing a button in Balmoral Castle, Scotland, connected direct with Montreal by cable, unveiled a monument erected here in memory of Sir George Etienne Cartier, Canadian statesman, eighteen guns roaring as the drapery fell from the statue while a band played "O Canada." A Cartier composition. The ceremony was attended by the Duke and Duchess of Devonshire. The Governor-General read a message from King George.

The festivities that were to accompany the unveiling were a dismal failure as a heavy rain fell during the entire afternoon.

## GERMAN AGITATOR IN RHINE AREA SENTENCED TO DEATH

Cologne, Sept. 5.—Via London, Sept. 6.—Serious disturbances between Germans and British troops at Euskirchen, twenty miles southwest of this city, resulted in a soldier being badly injured. The leader of the Germans, a man named Kupper, was court-martialled and sentenced to death and the town was fined 100,000 marks.

Vienna, Sept. 3.—Delayed.—A general railway strike has been declared throughout Austria. The strikers include the employees of the Ministry of Communications. The postal employees have as yet taken no action on the question of striking. Concessions made by the railway-

## 3,500 Coal Miners in West Virginia Go Marching, Armed

Charleston, W. Va., Sept. 6.—Five hundred miners who left Oak Grove this morning to march across the mountains to Coal River, where they said they intended to enforce uniformity in mines, were joined at Racine, on the Little Coal River, by 3,000 more men, according to word received by Governor J. Cornwell shortly before noon. All of the men are said to be armed.

## ALLEGED ATTEMPT TO RAISE FLOUR WITHOUT AUTHORITY FRUSTRATED BY PROVINCE

Complaints have reached the Provincial Department of Agriculture during the last few days indicating that in Victoria, Vancouver, and other parts of the Province wholesale dealers in flour have increased their prices to the retailer to the tune of forty cents per barrel. In the absence of the Minister of Agriculture, the Hon. J. D. MacLean, Provincial Secretary, promptly wired to the Canadian Wheat Board to inquire what regulations still governed the prices of bran, shorts and flour and whether an increase in the price of flour had been authorized. A reply reached the Parliament Buildings last night to the effect that no increase in the price of flour had been sanctioned and that the new figure for bran and shorts respectively stood at \$46.50 and \$56.50. It is, therefore, suggested by the Department of Agriculture that an attempt has been made to raise the price of flour illegally.

## BOARD DOES NOT DEAL WITH RENTALS

Provinces, Not Commerce Board, to Handle Charges For Houses

Ottawa, Sept. 6.—In connection with the application of the Manitoba Command of the Great War Veterans' Association of Canada, and others concerning house rentals, W. F. O'Connor, acting chairman of the Board of Commerce, announces that the Board has no jurisdiction in the matter.

## RAILWAY'S EARNINGS SHOW INCREASES

Montreal, Sept. 6.—The gross earnings of the Canadian National Railways for the week ended August 31 were \$2,774,846, an increase of \$207,186 over the same period last year. From January 1, 1919, to August 31 the gross earnings have totalled \$5,941,869, an increase of \$6,598,398 compared with the earnings of the corresponding period of 1918.

## TACOMA PRINTERS ARE OUT ON STRIKE

Their Demand Is For Higher Pay; No Newspapers Published

Tacoma, Sept. 6.—The printers of Tacoma are out on strike, the newspapers of the city but tied up. The men quit work yesterday afternoon and there were no issues of the papers to-day, a development which was forecasted yesterday afternoon when the publishers announced no attempt to publish would be made to-day. The strike has not the sanction of the International Typographical Union.

The Tacoma Typographical Union had presented demands for a scale of \$3.25 and \$10 per six and one-half hour day to replace the existing scale of \$7 and \$10 for a seven-hour day. The publishers refused to accept the new scale but offered to arbitrate. The union, at a meeting last Sunday, rejected the arbitration plan and ordered its scale committee to continue negotiations and to report at a meeting to be held to-morrow. Yesterday, however, a special meeting of the union was held, following which the scale committee of the union presented the publishers with a revised scale calling for \$3.25 and \$8.75 and demanded immediate decision thereon, stating that "other-

## Bolshevist Given Three Year Sentence at Three Rivers, Que.

Quebec, Sept. 6.—Judge Marchildon, sitting at Three Rivers, proved no tender friend to would-be Bolsheviks and radicals in Canada when he passed sentence on M. Tercoff, a Bulgarian, who was convicted on a charge of circulating Bolshevik and reactionary literature and propaganda at Grande Mere. Tercoff was sentenced to three years in the penitentiary.

## LEGISLATION FOR RETURNED SOLDIERS

A. E. Tripp Wants Parliament to Provide Annuity and Other Aid

Urges Civil Service Positions Be Filled Without Examination

Ottawa, Sept. 6.—A. E. Tripp, Unionist member for Ottawa, has given notice that he will move in the Commons on Monday a resolution proposing that "all persons who served overseas in the Canadian Expeditionary Force, including British reservists from Canada, are entitled to be placed in as good circumstances financially as before enlistment by being:

"(a) Restored to their former positions by their employers.  
"(b) Appointed to all positions in the outside and inside branches of the civil service of Canada if they possessed of the necessary qualifications without passing an academic examination and in priority to all other applicants.  
"(c) Given an annuity for a limited period sufficient to augment their present earning capacity reduced by disability arising from such service, to equal the amount earned at the time of enlistment.  
"And further, that the necessary legislation to provide for the purposes of this resolution be passed at this session."

Pensions. Another resolution in respect to pensions by Captain C. G. Power, M. C., South Quebec, would amend the Pensions Act to provide pensions in respect of members of the Canadian naval and military air forces, 1915, so as to provide that the pension of a widowed mother of a member of the forces who has died on active service shall not be reduced on account of her income, and further, that a pension shall be granted her whether or not there are other living children.

## FIRST SHIPMENT OF MERVILLE'S PRODUCE

Canada's Pioneer Soldier Settlement on Community Plans Makes Good

Merville, near Courtenay, Canada's pioneer community soldier settlement, less than six months old, has delivered its first shipment of produce.

## Robertson, Labor Minister, May Stand in Welland Riding

Welland, Ont., Sept. 6.—A rumor is prevalent here that Hon. Gideon Robertson, Minister of Labor, will resign and contest this riding against the Liberal candidate in the next Dominion election.

## PRINCE WILL BE INVITED TO LABOR MEETING IN WINNIPEG

Winnipeg, Sept. 6.—Officials of the defence committee formed in connection with the trial of the eight strike leaders here on charges of seditious conspiracy have announced that the Prince of Wales will be invited to be the guest of the laboring classes of the city at a mass meeting of protest planned for the afternoon of September 9, the day of the Prince's arrival in Winnipeg.

## HOLD OF PACKERS OF STATES ON MARKET IN BRITAIN BEING CUT

London Labor Paper Says Government Supporting Those Dealers Who Have Refused to Throw in Lot With the Great American Combine

London, Sept. 6.—The British Government is taking drastic measures to fight the American meat packers, says The Herald, the Labor organ here. This decision was made, the newspaper says, owing to the "strangle hold" the big American packers are exerting on the British provision import trade.

Import trade arrangements virtually have been completed for the establishment of a brokers' pool for those firms whose business has fallen to almost nothing owing to the alleged operations of the packers and who refuse to throw in their lot with the packers. The Herald quotes an officer of the Food Ministry as saying: "We are trying to make arrangements by which British traders may have a share in the trade which formerly was in the hands of the American packers' agents."

## NEW TREATY WILL BENEFIT FRASER RIVER FISHERIES

New Westminster, Sept. 6.—A copy of the international fisheries treaty which affects British Columbia, and especially the Fraser River, signed at Washington, D. C., on Tuesday last, has been received in this city. It contains some interesting and important regulations. The outstanding features in the regulations embodied in the treaty are an annual closed season of twelve days and regulation of traps and purse seines.

## FRANCO-AMERICAN EVENT IN NEW YORK

Anniversaries of Lafayette and First Battle of Marne Commemorated

New York, Sept. 6.—M. Jusserand, Ambassador of France to the United States, was the principal speaker at Franco-American exercises held here to-day in New York's historic City Hall in commemoration of the 162nd anniversary of the birth of Lafayette and the 50th anniversary of the First Battle of the Marne. Amid the impressive services, messages of felicitation and congratulation upon the victory of all the Allied arms were read from President Poincare of France, General Pershing, Major-General Wood and Secretary of State Lansing.

## MISUNDERSTANDING IN MONTREAL LEADS TO SHOOTING OF MAN

Montreal, Sept. 6.—Shot through the abdomen by Constable Legault, of the Craig Street East Station, John Clarke, forty-five years old, was taken to the Hospital Hotel Dieu last night and is reported in a critical condition.

## CZECHO-SLOVAKS WORKING FOR FRIENDLY RELATIONS

London, Sept. 6.—President Masaryk of Czechoslovakia, interviewed here, emphasized the utter impossibility of any union with the Austrians or Magyars, but the new states, however, he declared, must come to an economic agreement. The best relations existed with Poland, Roumania and Jugo-Slavia and friendly relations were hoped for with the Austrians and Magyars, but depended entirely on them.

## BOARD DOES NOT DEAL WITH RENTALS

Provinces, Not Commerce Board, to Handle Charges For Houses

Ottawa, Sept. 6.—In connection with the application of the Manitoba Command of the Great War Veterans' Association of Canada, and others concerning house rentals, W. F. O'Connor, acting chairman of the Board of Commerce, announces that the Board has no jurisdiction in the matter.

## ACTORS' STRIKE AT LAST IS SETTLED

Theatres In New York and Other American Cities to Reopen

New York, Sept. 6.—The actors' strike which began about a month ago and after closing the majority of the legitimate theatres in New York spread to other cities, was settled early to-day. All the theatres affected by the strike will be reopened at once. The settlement followed a four-hour conference between producing managers and representatives of the Actors Equity Association and other labor organizations of the theatre workers.

August Thomas, the playwright, chairman of the mediation committee of the Authors' League of America, stated that an open shop had been agreed upon. Francis Wilson, president of the Actors' Equity Association, said all differences had been settled to the satisfaction of both sides.

Settlement of the strike came directly after officials of the International Alliance of Stage Employees and Motion Picture Operators had ordered members employed in 163 theatres throughout the country where Shubert productions are being played to strike immediately. Both the stage hands' organization and the Actors' Association are affiliated with the American Federation of Labor.

The Actors' Fidelity League, organized since the strike began by George M. Cohan in an attempt to force the Actors' Equity Association to a settlement, had no part in the final conference and agreement. It was intimated that the Fidelity League would soon disband since the striking actors had refused to recognize it.

Mr. Thomas announced in his statement that "full recognition is given to the Actors' Equity Association."

## CREDIT FOR ITALY.

Washington, Sept. 6.—An additional credit of \$17,000,000 to Italy was announced yesterday afternoon by the Treasury of the United States, making a total for that country of \$151,975,000, and a total for all the Allies of \$5,684,274,567.

The Dalmatian, Tracie and Dobrujan problems all have been postponed, and behind them looms the question as to what is to be the disposition of Turkey. This daily is becoming more complicated. France, Italy, Great Britain and Greece seemingly are hopelessly involved in the Turkish tangle, having such conflicting aspirations that it would appear unlikely that they can agree on the partitioning of Turkey among themselves without an arbitrator.

Meantime the British withdrawal from Armenia is threatening the entire Armenian population with massacre, and the Turks are showing increased hostility to the Italian troops in Southern Anatolia and to the Greek troops in the vicinity of Smyrna. In fact, all Asia Minor is in a state of ferment.

The entire Turkish problem hinges on the attitude of the United States towards the mandates.

Bear Garden  
Constantinople, Sept. 5, via London, Sept. 6.—The Ottoman Empire will remain a free game, unless a foreign power accepts the mandate, said J. L. Barton, of Boston, who has had charge since February of the \$10,000,000 American relief fund and who will leave for Paris within ten days.

"I believe the Armenians should be made independent, as they never get along with their neighbors, though they would if definite frontiers were given to them."

"The Turks prefer American control to European control," said Mr. Barton.

## CANADIAN FEDERATION OF LABOR PLANNING TO EXTEND IN SIZE

Toronto, Sept. 6.—Extensive organization plans were mapped out by the Canadian Federation of Labor at the closing session of its annual convention here yesterday. It is the intention of the Federation to spread propaganda furthering the cause of purely national labor organizations throughout the Dominion. Tentative plans were formulated in this regard, which will provide for a special organizer who will make a tour of the western provinces and conduct a campaign against the encroachments of the One Big Union in the labor field. The views expressed at the convention yesterday were that the One Big Union had failed in that it eliminated the very necessary factor of trade autonomy, as the One Big Union would bring all trades under one domination. This is held by the Canadian Federation of Labor to be prejudicial to the interests of the various crafts, as each individual organization is believed to be best equipped to direct its own particular affairs.

## Stops Stomach Gas Prevents Fermentation Aids Digestion

If fermentation of food in the stomach can be prevented, you go a long way towards stopping the most frequent ailment of the day. Doctors who have studied the formula of Dr. Hamilton's Pills say it would be difficult to find a remedy better adapted to stomach ailments. After once using Dr. Hamilton's Pills the stomach is cleared of the sour, fermenting matter that causes gas, heartburn, indigestion and headaches. You will be pleasantly surprised at the smooth, easy way in which Hamilton's Pills tone up the liver, kidneys and stomach.

It's really wonderful the improvement in appetite, in complexion, in general well-being that results directly from the use of Dr. Hamilton's Pills. They stop dizziness, fullness and swelling of the stomach, they correct constipation, bad dreams and blotchy skin.

To strengthen the muscular system, to bring a keen edge to the appetite, elasticity to the step and brightness to the eye, nothing can compare with Dr. Hamilton's Pills. Sold everywhere in 25c. boxes.

## ASIA MINOR IN STATE OF FERMENT

Allies Have Not Succeeded in Arranging Disposition of Turkey

Paris, Sept. 6.—The treaty of peace with Bulgaria probably will be signed within a fortnight, and the Hungarian treaty will be ready for presentation as soon as the Government at Budapest is organized and sends a delegation to Paris.

The Dalmatian, Tracie and Dobrujan problems all have been postponed, and behind them looms the question as to what is to be the disposition of Turkey. This daily is becoming more complicated. France, Italy, Great Britain and Greece seemingly are hopelessly involved in the Turkish tangle, having such conflicting aspirations that it would appear unlikely that they can agree on the partitioning of Turkey among themselves without an arbitrator.

Meantime the British withdrawal from Armenia is threatening the entire Armenian population with massacre, and the Turks are showing increased hostility to the Italian troops in Southern Anatolia and to the Greek troops in the vicinity of Smyrna. In fact, all Asia Minor is in a state of ferment.

The entire Turkish problem hinges on the attitude of the United States towards the mandates.

Bear Garden  
Constantinople, Sept. 5, via London, Sept. 6.—The Ottoman Empire will remain a free game, unless a foreign power accepts the mandate, said J. L. Barton, of Boston, who has had charge since February of the \$10,000,000 American relief fund and who will leave for Paris within ten days.

"I believe the Armenians should be made independent, as they never get along with their neighbors, though they would if definite frontiers were given to them."

"The Turks prefer American control to European control," said Mr. Barton.

## BOARD TO ENFORCE RULINGS ON PROFITS

Statement by O'Connor; Foodstuffs, Clothing and Shoes Affected

Ottawa, Sept. 6.—"It means that we will fix profits on everything, just as we have done on sugar," W. F. O'Connor, vice-chairman of the Board of Commerce, when asked yesterday afternoon as to the exact purport of his announcement that the Board will make a series of inquiries and afterwards will be scale of profits to exceed which will be an offence with a heavy penalty.

"The fixing of profits," said Mr. O'Connor, "involves the fixing of the prices, but makes allowances for varying conditions in varying zones. After making inquiries upon which we are now starting, and establishing machinery to continue them, we will be able to learn what the actual cost and then determine what is a fair profit thereon. The next step will be to set a date at which the price will be effective. These prices will be lower than what now prevails. Meanwhile, commerce will have to beat down to the level decided on. We will then issue an order restraining all persons in a particular line and zone from selling at a price yielding a profit greater than what is determined."

Penalties  
"All who disobey the order will be liable to a fine of \$1,000 a day or to imprisonment. The co-operation of the Provincial Attorney-General will be needed in connection with the indictments, and we anticipate no difficulty on that score, but if there is any delay, the Board will be forced to prosecute in person."

It is understood that the commodities to be taken into view are all kinds of foodstuffs and clothing, boots and shoes.

A big factor in the organization is co-operation with the United States. There are certain international combines which regulate prices in their lines and which can be got at only by joint co-operative action.

At Winnipeg  
Winnipeg, Sept. 6.—Word has been received from Judge Robson, chairman of the Board of Commerce that he will open an inquiry into unfair profits on the necessities of life in Winnipeg next Thursday. All packers, wholesalers and retailers will be required to appear and produce their books and invoices.

Sugar  
Halifax, Sept. 5.—Twenty of the leading grocery firms of Nova Scotia yesterday afternoon sent a telegram to Judge H. A. Robson, chairman of the Board of Commerce, in Ottawa.

"Our situation in Nova Scotia is desperate. Cannot obtain any sugar, particularly from Acadia Refinery, and shortage becoming extreme. Have not been able to get anything near our requirements for two months. We protest strongly against Nova Scotia being totally deprived of sugar for benefit of West. We demand that you instruct Acadia refinery to take reasonable care of the needs of Nova Scotia before being forced by you to ship sugar to Western points."

FIGHT ON TREATY CONTINUES TO BE WAGED IN STATES

Washington, Sept. 6.—Engagements of a number of Senators to discuss the peace treaty in the East and Middle West in the near future were announced here yesterday afternoon. Republican leaders said there was no purpose to "trail" President Wilson, but that it was proposed to reply to the President's addresses both on the floor of the Senate and elsewhere.

President Wilson's addresses to the country in support of the treaty and the League of Nations followed prompt and spirited replies on the Senate floor.

Referring to the President's statement at Indianapolis that under the League the United States can mind other people's business, Senator Borah criticized the American military operations in Russia, declaring such a statement to be a "gross insult" without authority under the constitution and for the purpose of aiding Japan's Siberian policy.

Senator Sherman renewed the President's assertion in Columbus that the International Labor Conference authorized under the peace treaty would be held here next month regarding the order of the Senate had ratified the treaty by that time. The President's attitude showed a "contemptuous disregard" of law, he said, adding that officials had been impeached for lesser breaches.

Rhine Area  
President Wilson, in a letter presented in the Senate late yesterday by Chairman Lodge of the Foreign Relations Committee, submitted further information regarding the Rhine territorial agreement. The memo enclosed by the President defined the respective jurisdiction of military forces occupying the Rhine district and the inter-Allied high civilian commission.

BRITAIN'S NAVAL EXPENDITURE CUT

London, Sept. 6.—The daily expenditure for the British navy now is half of what it was on the day of the signing of the armistice, according to an announcement made yesterday by the Admiralty. The official Secretary of the Admiralty, Mr. Macnamara said the personnel of the navy had been reduced from 400,000 men to 170,000. Of more than 1,000 vessels, which were under construction on armistice day, work on 384 had ceased, saving nearly \$24,000,000. Ninety per cent of the ships had been sold, and 1,500 trawlers restored to their original uses.

PROTECTION FOR BELGIUM.  
London, Sept. 6.—The Evening Standard says it learns on the highest authority that Belgium's security in the future is to be guaranteed against German aggression by Great Britain and the United States.

## READY TO WELCOME THE PACIFIC FLEET

Seattle Will Have Splendid Reception For Pacific Fleet

Seattle, Wash., Sept. 6.—With but a few more days to go before the review in Seattle of the Pacific Fleet, the general committee has tightened up in all departments and from now on are working at top speed in efforts to have the fleet celebration mark an epoch in Northwestern history.

Starting Thursday morning the drive for the \$100,000 entertainment fund was hardly underway before half the amount was pledged. The balance came in rapidly and within forty-eight hours the entire amount needed was in hand.

The largest items of expenditures will be for the entertainment of the enlisted men. Seattle is going on the theory that the city and the northwest are out to entertain the fleet and not have the fleet act as entertainers for the local people and visitors.

Reservations already made for accommodations assure the largest crowd in Seattle's history. Persons planning to come here in automobiles are asked particularly to bring camping paraphernalia with them whenever possible in order not to place any additional tax on the housing committee. Parking spaces for thousands of automobiles have been provided as well as ample camping facilities.

Everything is being done to protect men of the fleet and visitors from unfair practices on the part of the retail merchants, hotels, restaurants, etc., and a special vigilance committee is working constantly on this end. Picnards will be displayed throughout the city on which is a pledge not to resort to unfair practices or to raise prices. Visitors are asked to police the city and those places which do not display this placard and to report any instance of overcharging.

## GERMAN TRADE NOT FEARED BY BRITISH

London, Sept. 6.—Sir Auckland Geddes, Minister of National Service and Reconstruction, informed a deputation of toy-makers yesterday that the Government declined to adopt the policy of a three-year embargo on any imported goods.

The Government's information was that Germany had only a small accumulation of manufactured goods ready for export. Moreover, the cost of manufacture in Germany was rising enormously, and Germany was pitifully short of raw materials and coal.

The Minister believed that there was nothing to fear from German competition. Germany was trembling on the verge of collapse, and unless she could get her trade under way she must perish.

British industry, Sir Auckland declared, would be helped rather than injured by trade with Germany.

## MEXICAN GENERAL WARNS MEXICANS

Washington, Sept. 6.—Warning Mexicans that intervention by the United States is imminent, Gen. Salvador Alvarado, one of the leaders in the Carranza movement throughout its course, has addressed an open letter to Carranza and Generals Obregon and Gonzales, in which he arraigns conditions in Mexico in scathing fashion.

Alvarado estimates that the present death list in the scattered fighting between Federal troops and rebels is 100 a day.

In Mexico City alone 8,000 children die each year for want of proper food, clothing and shelter.

Alvarado, after trying to make the radical theories of the new Mexican constitution work in actual practice, declares the system must be changed.

## CANADIAN-U. S. LABOR

Washington, Sept. 6.—W. J. Taft, former secretary of the National Labor Board, of the United States, has accepted an invitation to attend the Canadian Labor Conference on September 15. There is a possibility that former President Taft and Basil H. Manley, of the War Labor Board, will attend the meeting at Ottawa.

After its conclusion the Canadian Government will send representatives to Washington to serve in an advisory capacity during the President's conference, according to the present programme.

## TAXATION IN GERMANY.

Berlin, Sept. 5.—Via London, Sept. 6.—The Minister of Finance has empowered the tax collectors to enter private premises to search them and force strong boxes in the general round-up of eligible taxpayers. Protests it is understood, will be unavailable, as the Minister has been given wide powers.

## NOTICE

Special Illuminations During the Visit of The Prince of Wales.

It will be esteemed a favor if customers who contemplate decorating their premises with electric lighting effects for the above occasion will inform us as early as possible of their requirements in lamps, transformer capacity, etc., in order that the necessary arrangements may be made to take care of all such extra temporary loads.

## LABOR DAY AND ROCKSIDE CHICKEN

It was indeed a gorgeous day, and one we'll all remember. I mean what's known as Labor Day, the first day of September. You say the sale of ROCKSIDE CHICKEN simply was immense. It should be called "SAINT ROCKSIDE'S DAY," from his experience.

At all the beaches hereabout, right to Cordova Bay, "What's 'OLD ROAST CHICKEN' seemed to be the order of the day. With other dainties, ready cooked, too numerous to mention—From 'ISLANDS' STORE these picnickers had given their attention.

Those Aeroplanes at Willow, too, were flying very low. But 'FLYING' paper bags as well made quite a goodly show. You'd find them all along the beach, where happy people sat. And on the road to Shawnigan, right o'er the Malahat.

Now, just ask any school kid "What Victoria's noted for?" And he'll reply, "Why, ROCKSIDE CHICKEN, bought at RYLANDS' STORE."

The teacher then says, "Go up top, you're right, my little boy!" For ROCKSIDE CHICKEN is Victoria's special pride and joy.

## CRUELTY DENIED BY BULGARIANS

Paris, Sept. 6.—The Bulgarian peace delegation sent the Peace Conference yesterday a note protesting against representations that the Moslem population of Eastern Thrace had been cruelly treated by the Bulgarians. The representations were declared to be untrue.

Two of the Peace Conference commissions held meetings yesterday, the Commission for the execution of the Versailles Treaty and that dealing with Belgian and Bulgarian affairs.

## SHIPPING NITRATES.

Santiago, Chile, Sept. 6.—Work has been resumed on the German nitrate properties in Chile, which were tied up during the war. It is said that already 200,000 tons of nitrates have been sold.

### WAR GRATUITIES MAY BE EXTENDED

Ottawa, Sept. 6.—It is stated here in what would appear to be good authority that the Government has in contemplation an extension of the system of gratuities to soldiers and dependents for a further period of six months, starting from December 1, when the present gratuity ceases. The gratuities granted to the above class will approximate about \$150,000,000. A similar amount would be required should the Government continue the system for a further six months. Under the system a private would receive \$70 a month, a lieutenant \$100, and officers above these the pay of their rank.

### AMERICAN RELEASED.

Washington, Sept. 6.—Arrest of S. W. Glass, an American citizen, in China by a Japanese soldier, was announced yesterday afternoon by the State Department, together with the statement that an apology had been made by the Japanese authorities and the soldier punished and two officers with him reprimanded. Acting Secretary Phillips said the incident had been settled satisfactorily.

### The Agonies of Hades

Aren't supposed to be worse than a bad corn. For years the standard remedy has been Putnam's Corn Extractor. It painlessly removes the worst corn in 24 hours; try Putnam's Extractor, 25c. at all dealers.

### J. B. PEPLER DIED IN WINNIPEG YESTERDAY

Winnipeg, Sept. 6.—J. B. Pepler, one of Winnipeg's best-known financiers and real estate men, died yesterday afternoon from an affection of the heart, after an illness of about two months. He was a resident of Winnipeg since 1886. He was born in Bristol, Eng., in 1855. He leaves a widow and four children.

### A VANCOUVER DEATH

Vancouver, Sept. 6.—J. W. Bailey, a returned soldier, entered the Maryland Cafe here yesterday and ordered a meal. When he started to eat he collapsed and fell dead.

### ACTION DEMAND ON COST OF LIVING

A Quebec Member Tells Ottawa Government Problem Outweighs Treaty

Ottawa, Sept. 6.—That the profiteers be handled firmly by the Government was the main theme of the speech made by Joseph Demers, Liberal member for St. John's and Ilerve, Quebec, said the cost of living was the main problem before the people of Canada, and from other Opposition speakers case criticism of the Government in regard to the high level of prices and a plea for amnesty for the defaulters under the Military Service Act.

The first speaker, Mr. Demers, said that in his opinion the high cost of living was a matter of more importance than the ratification by the Canadian Parliament of the peace treaty with Germany. As far as he could judge there was no reason why Canada should ratify the peace treaty as the King already had done so. The only result of Canada's ratification of the treaty would be that she would bind herself to financial and military participation in any war caused by the dereliction of one or more of the signatories.

There was another important reason why Canada should not ratify the treaty. The British North America Act gave no power to participate in any war save for the defence of Canada. Therefore Canada could not constitutionally ratify the treaty.

### No Justification.

There was no justification for many of the increases in food prices, he declared. Speculators and profiteers were mainly responsible, and it was the duty of the Government and Parliament to remedy this, the chief of the people's problems. It was high time, if not too late, for the Government to take speedy action to avoid further crime and possible revolution.

It was useless, said Mr. Demers, to urge greater production in Canada if all the young farmers were being put in jail at this time of the year for infringement of the Military Service Act. It was the duty of the Government to be merciful and to forgive that the needs of the country might be best served.

### Too Many Ministers.

W. K. Baldwin, member for St. Andrew, referred to the absence of the Prime Minister and several of the other Ministers at various times during the past few months. Their absence at the Peace Conference had been very small, he thought, but the Government had been doing business in Ottawa with a super-abundance of Ministers despite their absence.

Mr. Baldwin said he was very suspicious of the Government's object in calling the present session. He thought the Prime Minister was preparing to spring another election.

### Defaulters.

The problem of army defaulters was dealt with by Mr. Turgeon. He thought greater caution might be exercised in the carrying and use of firearms by the officers engaged in this work.

Dr. J. W. Edwards, Unionist, Frontenac, Ontario, said there was much comment in favor of defaulters from the other side of the House, and their prosecution in an effective way was being deprecated. It was useless, said Dr. Edwards, to go after these men with feather dusters or ice cream cones. They had failed to do their duty at the time of the nation's crisis, and should be punished. That was due to the men who had responded when the nation called.

The Liberals now talked of free agricultural implements, but the Borden Government, he said, had done more for the farmer than the Liberal Party had done in fifteen years of office.

Dr. Edwards referred to Mr. Sinclair's charge of profiteering. There was a shipping company known as the Carmichael Shipping Company, in which he believed Mr. Sinclair had a very personal interest. This firm before the war was receiving freight rates on lumber of 35 shillings per standard. During the latter part of the war the company had received from 350 shillings to 350 shillings.

The farmer, said Dr. Edwards, was receiving none too much for what he had to sell. During the war farmers had left their farms for the cities in order to earn large wages manufacturing munitions of war, and as a result production had decreased.

### Not Essential.

Edmund Froulx, Prescott, was of the opinion that ratification of the peace treaty by Canada was not essential.

He moved the adjournment of the debate. The Prime Minister then moved that the resolution expressing approval of the peace treaty have precedence over all other business before the House until disposed of. The motion carried and the House adjourned until Monday afternoon.

### TIMBER FIRMS PLAN EMPLOYMENT BUREAU

Vancouver, Sept. 6.—Prominent employers in the logging and timber camps of the province state that it is no secret that they have decided to open an employment bureau in Vancouver where men will be given work without having to pay a fee. This, they claim, is in accordance with the Government's policy of providing employment to men free.

Every good man is to be given work, and if at the time of application there is no job available, one will be found for him. It is the intention of the employers in the first place to look after the interests of Canadian and British-born loggers, especially the returned lumbermen who are desirous of taking up their former occupation. The lumbermen claim they are determined to follow out the policy laid down by Mr. Lloyd George and are going to "provide" and they are out for workers who will be on the job.

At present there are about eleven camps in the province that are closed down, six through strikes and the remainder for various other reasons.

To discover the presence of moths, and also to destroy them, place a lighted candle in a basin of water. The moths will be attracted by the flame and will drop into the water.

## ELEVATOR KEPT IN DUSTY CONDITION

Inquest at Port Colborne, Ontario, Brings Out Fact

Port Colborne, Ont., Sept. 6.—At the inquest last night into the deaths of the victims of the recent elevator explosion here, startling evidence was given by T. S. Harvey, mechanical superintendent of the elevator. He said that while the dust fans were in operation at the time the leads to the various lifts were closed, the only lead open was to the scales. He never had the leads open in taking in grain except by special slides. He said that had the leads been open fifty per cent. of the dust from the grain would have been taken away, thus very materially lessening the danger of an explosion.

"The grain we were receiving that day was from Chicago, and was pretty dusty," said Harvey. "American grain is usually much more dusty than our own Canadian wheat."

### To Prevent Waste.

He added that the orders against fanning dust from grain had emanated from the desire on the part of the shippers to avoid waste. "So by not having the leads to the fans open, the lives of those eight men probably were sacrificed," observed Crown Attorney Cowper, of Welland.

Harvey admitted that the danger of an explosion was increased. "And the loss in weight of the grain somebody takes a high chance?"

"Yes," Harvey's theory of the cause of the explosion was dust swimming in the air.

## NEW GOVERNMENT IN ISLAND PROVINCE

Bell, Liberal Leader, Forming Cabinet in P. E. I., Following Victory

Charlottetown, P. E. I., Sept. 6.—Premier Arsenault yesterday afternoon, called upon Chief Justice Mathieson, administrator, and tendered the resignation of himself and his executive.

The Conservative administration, which lasted seven years and nine months, came into power under J. A. Mathieson on December 2, 1911 after the Liberal Party had been continuously in power for nearly twenty-two years under several successful leaders.

Hon. A. E. Arsenault was called upon to succeed Mr. Mathieson when he was elected to the bench about two years ago. At the general election held on July 24 last, the electors returned twenty-five Liberals and five Conservatives.

Hon. J. H. Bell, Leader of the Opposition, will be called upon to form a new Government. He has behind him a large number of comparatively young men of ability and character from whom to choose his Cabinet. In the last Dominion election the civil vote on the island went strongly Liberal, the majorities being by far the largest ever obtained, but the overseas vote resulted in a reduction of the civil vote, enabling two Conservatives to be returned to the Federal Parliament.

## CANADIAN CHEESE AND THE BRITISH MARKET

Ottawa, Sept. 6.—The Department of Agriculture has received a cable from the British Ministry of Food, which says:

"Food Controller has definitely decided not to purchase balance of this season's exportable surplus of Canadian cheese after 20,000 tons have been secured. Subsequent imports on private account will not be requisitioned, but will be governed by maximum importer's selling price, which is now 14 pence (28 cents) a pound."

"Maximum wholesaler's selling price probably will be fixed shortly. Retail selling price will be retained as now, 18 pence (36 cents) a pound. We shall send notices to the press to-day on foregoing lines, and advise that we expect our purchases of 20,000 tons to be completed by the end of September."

It would appear from this cable that private imports after the 20,000 tons have been secured, though not requisitioned or commandeered on arrival as at present, will be subject to the importer's maximum wholesale selling price of 28 cents a pound.

## FALLING OFF IN BRITISH FARMING

London, Sept. 6.—Provisional estimates by the Board of Agriculture show a decrease of 335,000 acres sown to wheat during the year, though there has been a slight increase in the area of arable land since 1918.

While an estimate of the livestock indicates that the number of cattle has been maintained, there is a falling off in dairying, and the flocks of sheep are smaller than any yet recorded.

## Many Women Have Said It

One lady said, better than we could have expressed it: "It's the natural flavor of Pacific Milk that appeals to me."

When one is talking about it all the time, some point like that will be hidden until it is called out by a user.

Perhaps you've noticed the fresh cream flavor of Pacific Milk.

## Coats and Wraps That Have Won Winter's High Esteem

WITH every woman agreeing, we can state this to be a greatly favored season for the separate coat or wrap. Novelty pile fabrics, velours and smart coatings are developed in various length models, with graceful lines, large armholes and deep crush collars. The lavish use of fur for trimming is a distinguishing feature of many models.

At \$35.00 to \$125.00

## Authentic New Styles in Fall Blouses

AND pricings so moderate that early season shoppers declare them rare values. Georgette is still the favored material—it takes so gracefully to bead or floss embroidering—The decided Fall trimming notes—Becoming neck lines and unusual cuff arrangements make individual choosing most attractive. Prices range from \$9.50 to \$25.00

## COMMUNISTS' TRIAL IN BAVARIAN CAPITAL

Munich, Sept. 5.—Via London, Sept. 6.—The examination of the Bavarian Communist leaders charged with the uprising here last February ended to-day with the taking of the testimony of the last two of the defendants, Voelkel and a student named Peter Neller. The last named avowed great interest owing to his relation with Lillie Cramer, a well-known Communist. She sat beside the defendant and openly flirted with him during the trial. He admitted that he had received his order to shoot hostages from Fritz Seidl, the former Bolshevik commander of the Luitpold High School, and transferred to the Igloehoefer with his counter-signature.

State witnesses testified again today as to the alleged participation of Levine Nissen, Dr. Max Vion, the Bavarian Communist leader, and M. Axelrod, a Russian radical, in every crime.

### APPOINTED POSTMASTER.

Lethbridge, Sept. 5.—Lieut. D. McKillip has been appointed postmaster here. The post has been vacant since the death in action of Major Ripley, the former postmaster.

## SOME CANADIAN SOLDIERS STAY IN UNITED KINGDOM

London, Sept. 5.—The proposal to establish a permanent hostel here for the benefit of Canadian soldiers who have taken their discharge in the United Kingdom does not meet with much approval from the Canadian authorities here. The opinion is prevalent that many of these men and their wives who have decided to remain in the United Kingdom will be equally anxious in a couple of years or so to return to Canada. One authority says that at the present time some demobilized soldiers who have been in England during the past five years are dazzled at the wages now being paid, forgetting that the cost of living is steadily mounting. It is expected that joint British and Canadian Government action will eventually have to be taken in this matter.

## PASSED THE CRISIS.

The opinion of Mr. Macarow, general manager of the Merchants' Bank of Canada, who is visiting Victoria with Lieut.-Col. Sir H. Montagu Allan, president, and other officials of the bank, that Canada has passed the crisis of post-war readjustment is encouraging. Mr. Macarow is in a position to obtain a close and comprehensive survey of the situation and his views, therefore, possess unusual authority, especially in the light of his assurance that the institution with which he is connected intends to give practical effect to them by doing its utmost to assist Canadian industry.

The process of readjustment, however, will continue for a long time. It involves many things and presents conditions and requirements to which too little attention has been given in other times. It includes, besides material progress, the development of national character, the promotion of national unity, better education in the best sense of the term, and the substitution of a broader outlook for the provincial and parochial viewpoints which prevail in not a few sections of the country. All these involve co-operation among the various classes, races and creeds without which true progress must continue to be handicapped.

Canada is a new and sparsely settled country. It can accommodate many millions of people. It has vast resources, only a small fraction of which have been developed. One of the most imperative needs of the world is the natural wealth of which this Dominion has so much to spare. Canada is destined to receive an enormous influx of people, for actually of all the regions of opportunity opened to human activity by the convulsion of the last five years it is the most attractive and the best advertised.

It is necessary, therefore, that a sound foundation be laid for what is to come, and that must be done by the Canada of the present hour. The foundation will not lay itself any more than our resources will develop themselves. A country becomes exactly what its people make it. Mr. Macarow's optimism, therefore, denotes a buoyant faith in the ability of the Canadian people to make the most of their opportunities and, in view of what they have accomplished in the last half century, that faith is abundantly justified.

## NAVY LEAGUE FLAG DAY.

During the last five years the people of Victoria have given liberally and willingly to every patriotic cause. Not a week has passed without its Tag Day or some other form of appeal for a needy object. On all these occasions whether the modest quarter or the substantial cheque has been intended for domestic, national or foreign application the volume of response seldom varied to any appreciable extent. On that account the appeal of the Navy League to be made on its annual Flag Day next Monday is assured of good returns.

Victoria has set the lead for Canada in its provision of comforts for the men of the navy and the merchant marine. But institutions such as these demand funds if their purpose is to be fulfilled. Nor does any Victorian fail to recognize the debt of gratitude owing to the men who go down to the sea in ships. For four and a half years the Royal Navy and the Merchant Marine maintained their ceaseless vigil to protect the far-flung Empire. The tension is passed, but the duty of a British sea-port remains. Let every Victorian remember the part played by the men of ironclad and trawler when the collecting box is tendered on Monday.

## THE FINAL RESPONSIBILITY.

In a recent issue of "Conservation of Life," a journal published—as its name implies—in the interest of public health, housing and town planning, the whole question of Canada's post-war housing programme is treated in the light of its effect upon the industrial and social development of the country. Not a little space is devoted to the merits of the scheme, although the use of extravagant language has been avoided by the writer of the review.

Nor has there ever been any doubt about the benefit of the plan to the Dominion as a whole. There are many opinions existent as to the wisdom of the operating policy employed. The Victoria City Council, for instance, has taken an attitude totally opposite to that adopted by nearly all the other municipalities of the Province of any size. Apart, however, from this particular scheme, it is interesting to note the comments of two well-informed observers.

Mr. C. Stanley Taylor, Project Engineer of the New York firm which has advised the United States Government in many of its housing programmes, regards the Canadian project as the most practical step toward the provision of good housing by Federal co-operation which has yet been taken in any country. Mr. Horsburgh Campbell, City Engineer of Edinburgh, declares the Canadian plan to be on sounder economic lines than the proposed housing schemes in

Britain. While it may be customary for people on the outside to say nice things, the opinions of town-planning experts do not usually wander into the category of flatterulent adulation.

In view also of the Victoria Council's lethargy it is interesting to observe the manner in which the writer of the article in question disposes of the final responsibility for the practical application of the housing scheme. He writes as follows: "Of necessity such a scheme involves that the final responsibility for actual building and financing of housing schemes will rest with the municipality. It cannot be otherwise, unless there is Federal or Provincial interference with municipal control, which would not be acceptable under Canadian conditions. Whatever danger there may be of the housing project in Canada not achieving success will be due to indifference or fear of facing loss on the part of the municipalities. As our municipalities show an inclination to do their duty, we may well hope that no such danger will arise."

## GERMAN-AUSTRIA.

In response to the demand of the Council of Paris the German Government has amended the constitution by omitting the provision for the representation of German-Austria in the Reichstag when the people of that district decide to cast their lot with the German Republic.

One of the terms of the Peace Treaty required the establishment of an independent nation in that part of the late Austro-Hungarian Empire inhabited by Germans and of which Vienna is the centre. This provision was incorporated in the convention on the insistence of France, who saw in the absorption of 11,000,000 Austro-Germans by Germany a potential menace to herself, for it would increase the population of the German Republic to 70,000,000, more than making up for the diversion of Alsace and Lorraine to France, and the districts in the east which must be ceded to Poland.

The new German constitution, however, disregarded this prohibition in the Treaty of Versailles and the Council of Paris promptly took the matter up with the Government at Weimar. At the same time it is difficult to see how it will be possible to keep German-Austria and Germany apart in the long run if their inhabitants determine to link their destinies together, for they are practically of one race, speaking the same language and at one time belonged to the same nation. It is possible, however, that the majority of the people of German-Austria will be so satisfied with their progress and outlook as a separate state that they will not desire to play third fiddle in the orchestra conducted from Weimar.

## MR. BURNHAM'S SEAT.

Unionist constituents of J. H. Burnham, M. P. for Peterboro, demand his resignation because he has abandoned his support of the Union Government and taken his seat on the cross benches of the House of Commons. The cross benches form a new institution in the House, although this is not to say there has been no previous demand for it. There always have been one or more members not in sympathy with either party who, however, retained their seats among those with whom they formerly were associated.

Mr. Burnham is on the cross benches because he has decided that the Union Government is not entitled to his support, and he has returned to his Tory party allegiance. A number of Liberal-Unionists also occupied the benches before the Convention, some of them having been driven there by the tariff policy of the Government and by the fact that D. D. Mackenzie, the Opposition leader in the House, virtually favored the same kind of policy.

Since the Convention Mr. Fielding has returned to the regular Opposition benches, but we have no information of what Mr. Crerar and Dr. Michael Clark have done. In Mr. Burnham's case, however, the fact remains that he was elected in Peterboro to support the Union Government as a War Administration. If he thinks the Government has oversteered its mandate his course should be to resign his seat and ask his constituents what they think about it, instead of suddenly transforming himself into a Conservative party member.

## ECONOMY HIS OBJECT.

In a speech delivered in Sydney, Australia, yesterday, Admiral Jellicoe expressed the opinion that underlying Lord Fisher's demand for the scrapping of a large part of the navy was the idea of a bigger and more modern naval organization. Lord Jellicoe could not have read a very full synopsis of Lord Fisher's article, the sensational recommendations in which were based upon His Lordship's conception of the imperative need of drastic economy, while it counselled the "sacking" of the "spendthrifts" in time to avert ruin. Lord Fisher has reached an age where the tendency often is to take the most unfavorable view of a serious situation, but it cannot be said that those who oppose his opinions have no apt retort to make to him. He was the author of the most expensive kind of battleship and, in the first place, set the course which every Administration in the United Kingdom has been forced by circumstances to follow.

TO REGULATE LIVING COSTS.  
(Montreal Star.)

Energetic action against high prices is being taken in Great Britain and the United States. In both these countries the federal administration is acting to relieve the immediate situation and to increase its power of safeguarding the future.

The policies of the two Governments have regard not only to food, but to all the necessities of life, such as clothing. Out of their present activity may come a general condition less calculated to cause unrest.

The Government of Canada has done well in its preparations to handle the wheat crop in a way to protect the farmer and the consumer. But Parliament at its last session passed two acts, a Combines and Fair Prices Act and provision for a Court of Commerce to enforce it. The time has come to operate this legislation.

Executive action is required in Canada no less than in Great Britain and the United States to minimize or eradicate artificial raising of prices. Canada has been early in the field with a definite scheme to do this, and experience at Washington and London proves the danger of delay.

NEW TREATY WILL  
BENEFIT FRASER  
RIVER FISHERIES

(Continued from page 1.)

licenses in British Columbia to others than British subjects or firms authorized to do business in this province.

## Closed Season

During the years 1920 to 1926, both years inclusive, no one shall fish for, catch or kill any salmon from July 20 to July 31 in each year, and during this closed time no nets or appliances of any kind that will capture salmon may be used in the treaty waters of the Fraser. The closed season in Canadian waters will remain as at present. In American waters it will be from Friday at 4 o'clock p.m. until Sunday at 4 o'clock p.m.

## Aprons

Every precaution has been taken in the regulations to assure that during these closed seasons the traps will remain absolutely closed. The provisions are such that each trap must be closed by an apron placed across the outer entrance to the heart of the trap. This apron must extend from the surface of the water to the bottom and must be securely connected to piles on either side of the heart of the trap net, fastened by rings not more than two feet apart, on taut wires stretched from top to bottom of the piles.

Each apron or the appliance by which it is raised must be provided with a flag or signal which shall denote whether the trap is closed, and which shall be of a form and character approved by the Commission. In addition to closing the entrance to the trap securely, the regulations provide for a V-shaped opening in the lead, at least ten feet wide at the top and extending below the surface at least four feet at low water, this lead to remain open and unobstructed all through the closed season. In each case, through some mahar, fish get in, an opening must be provided which will permit their escape.

## 2,500 Feet

The salmon trap nets are to be limited to a maximum of 2,500 feet in length, and there must be at least 600 feet between trap nets in the same linear series. In no case must more than two-thirds of any passage be closed by traps. There also must be a lateral distance of at least 2,400 feet between one trap net and the next.

## Purse Seines

Purse seines are limited to a maximum of 199 linear feet and no purse seine shall be cast or placed in the water for fishing purposes within 2,400 feet of any trap.

The use of purse seines for the capture of sockeye salmon shall be confined to treaty waters south and west of a line from the light-house on Trial Island to the northwest point of Whidby Island.

RENNER WILL RETURN  
TO ST. GERMAIN AND  
PACT WILL BE SIGNED

(Continued from page 1.)

of the permanence of the Hungarian Government. Various minor treaties, such as those with Czechoslovakia, Jugoslavia and Roumania regarding their treatment of minorities and their share in the Austrian financial settlement are still pending, with objections to the terms registered by Roumania and Serbia.

## Turkey.

The Turkish treaty promises to prove the most difficult remaining task of the Conference, it being so largely involved with the question of minorities, which is still in a notably unsettled state.

## Roumania.

Vienna, Sept. 5.—J. C. Bratiano, the Roumanian Premier, declared that in spite of his desire to retire before the coming election he has decided to retain office in order to take personal responsibility for not signing the treaty of peace for Roumania, according to a special telegram from Bucharest. He says that following this action in regard to the treaty with Austria, he will resign from office.

## Hungarians Arrested.

Basel, Sept. 6.—Two former members of the Hungarian Government, Dr. Lokace and Ernest Seidler, have been arrested in Vienna, according to advices from Vienna. Seidler formerly was commander of the Hungarian Red army. Both men have been interned by the Austrian authorities.

TACOMA PRINTERS  
ARE OUT ON STRIKE

(Continued from page 1.)

wise a strike would be called at once, and also that the originally demanded scale of \$2.25 and \$10 would then be demanded. The publishers refused to accede to the new demand and again offered arbitration, the strike resumed.

## Miners to Strike.

Scranton, Pa., Sept. 6.—Following a lengthy session of the Delaware & Hudson Company miners' grievance committee here last evening, orders were issued for a general suspension of work in all collieries operated by the company in the Lackawanna & Wyoming Valleys. Twenty-six collieries will be closed and 19,000 men affected by the strike, which will be the largest in the anthracite region since the six-months' strike in 1903. These miners produce in the neighborhood of 28,000 tons of coal daily.

The suspension became effective at 7 o'clock Monday morning.

## Steel Workers

Washington, Sept. 6.—President Wilson has agreed to undertake to bring about a conference between representatives of the steel workers and the United States Steel Corporation in an effort to avert a threatened strike.

The President was asked in a telegram sent him by Samuel Gompers, president of the American Federation of Labor, and the committee of steel men to say whether a conference could be arranged next Tuesday, when the presidents of the twenty-four international unions in the steel industry will meet here to take such action as they might deem necessary.

## Miners' Convention

Cleveland, Sept. 6.—John Lewis, acting president of the United Mine Workers of America, and other international officers have established

headquarters here preliminary to the opening of the two weeks' convention which will begin next Tuesday.

Mr. Lewis said the convention would devote its time mostly to the consideration of the demands for a substantial increase in wages and the six-hour day for the miners. Two thousand miners are expected to attend the convention.

## Railroads.

Washington, Sept. 6.—The Plumb railroad reorganization plan was denounced as "the best plan ever devised to drive the brains out of the railroad business" by Earl H. Morton, president of the Order of Railroad Station Agents, before the House Interstate Commerce Committee yesterday. "The plan is no preposterous," Morton added, "that it would not merit serious discussion, but for the fact that the so-called 'Plumb Plan League' seems to be securing the support of large numbers of railroad employees who have not really informed themselves as to what the plan is, and as to the way in which it would actually work."

## Mexico.

Washington, Sept. 6.—Application of the principles of the League of Nations covenant to the Mexican situation has been endorsed by the American Federation of Labor through its executive council, which has issued a statement setting forth the stand taken by the Council at its recent meeting here.

CLEVER TRICKS OF  
FASHION THIEVES

London, Sept. 5.—"A new dress design costs me two or three hundred pounds. Can you wonder that I jealously guard it until it is placed on the market?" Thus the manager of a well-known West End firm spoke to a representative of "The Bitter" after bitterly complaining of the tricks of fashion thieves.

"Any person caught sketching or securing photographs of fashion models will be taken into custody and the pictures confiscated," I remember, the informant went on to say, "M. Lepine, the Prefect of the Police in Paris, issuing this order. Something like that will have to be done here if we are to be protected."

It is not an easy matter, however, to guard against the fleecing of ideas in the dressmaking world. By various subterfuges new designs are sometimes stolen and placed on the market before they are even shown in the windows of the firm which created them. Admission to show-rooms is only by invitation, and that only known clients are admitted.

But so keen are the eye pirates to gain admission to the preliminary shows that a well-known society woman was once offered \$500 for her invitation card to a private show at a famous dressmaker's salon.

Testing agents have been made to other women, mannequins and show-

There is an abundance of bright, breezy song hits and dance numbers. For those who prefer "better music" the great Columbia artists have put forth their best efforts and provided some records of outstanding merit.

Hear Them Here

room employees, to betray the secrets of the latest creations. The plan in fashions has resulted in London being invaded by young men and women from the Continent, presumably to learn their business. They really set out as spies, however, and regularly forward to their employers abroad any new designs they may be able to secure or copy.

BONES OF ST. GEORGE  
PROBABLY WILL NOT  
REST IN WESTMINSTER

London, Sept. 6.—It has been suggested in Melbourne that the alleged bones of St. George, England's patron saint, which were unearthed by some Australian engineers beneath the floor of a church in Palestine, should be sent to London so that they may rest in some corner of Westminster Abbey.

"I do not care tuppence about his bones," said Canon R. H. Charles, of Westminster, who spoke as a member of the Chapter. "There is only room for six more famous people in the Abbey, and even they must be cremated before they are interred. So what is the good of bringing his bones here to be burned in some crematorium?"

WINNIPEG RAILWAY  
OWES MUCH IN TAXES

Winnipeg, Sept. 6.—At a meeting of the civic Finance Committee yesterday afternoon General Manager A. W. McIlmoun of the Winnipeg Electric Railway Company, asked that patience be exercised in regard to the company's overdue account of \$409,000 for taxes. He claimed every effort was being made to wipe out all liabilities.

Edward Anderson, counsel for the company, alleged there had been an overcharge of about \$800,000 in pavement constructed by the city for the company. This was news to the committee, and the company's officials were asked to supply further details.

AMERICANS ADVISED  
TO AVOID RUSHING  
BRITISH MARKET

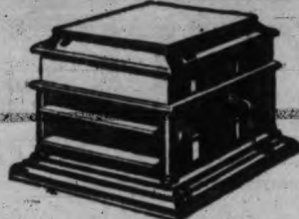

London, Sept. 6.—Great Britain's greatest economic problems are decreased production and port and transit congestion, says the monthly report of the American Chamber of Commerce here. This congestion directly affects American exporters.

BRITISH COMMERCE  
CHAMBER IN STATES

New York, Sept. 6.—Incorporation of the British Chamber of Commerce in the United States, which has among its objects the encouragement of trading between this country and Britain, the settlement by arbitration of commercial disputes, investigation with regard to standing of firms and individuals both in this country and Great Britain and the promotion of British commercial interests in the United States, was approved here to-day by Supreme Court Judge Guy.

## FAILED TO CO-OPERATE.

"You are an hour late this morning, Sam," said a captain to his orderly. "Yes, sah, I know it, sah; I was kicked by a mule on my way, sah." "That ought not to make you late an hour, Sam." "Well, you see, Cap'n, it wouldn't have if he'd only have kicked me in this direction, sah. He kicked me de other way."—Fort Ontario Post.

GOVERNMENT STREET  
Opposite Post Office.TO GET ACCURATE  
DATA ON ISLAND'S  
POSSIBILITIES

All Vancouver Island Board of Trade and other public bodies are being requested by Publicity Commissioner McAdam to furnish the Victoria and Island Development Association with information as to the possibility of the development of fruit growing, stock raising, poultry, dairy farming, pork curing, and industrial opportunities in each district.

This information is being collected and will at once be compiled by the Association to meet the increasing demands from all parts of the country for something definite and accurate as to the openings on this island.

In connection with this and other publicity work, Mrs. E. B. Shaw, publicity writer for the Association, is leaving next week on a trip up the island to gather accurate information about the resources which she will compile in booklet form.

BOYS TOOK FRUIT  
BY THE SACKFUL

"It is the most extraordinary thing I have ever heard," Prosecutor Tait said to Magistrate Jay in the Saanich police court to-day. "These boys went out after some fruit. They went through the window of the house and took a sack with them. They then loaded the sack and altogether took away twelve dozen bananas, seven dozen oranges, half a crate of peaches and some apples. They went after the fruit wholesale."

The four boys who were in court gave their ages as twelve, eight, ten and twelve. The house from which

they took the load of fruit is just off Carey Road and belongs to Lee Chen.

Magistrate Jay expressed surprise when he questioned the boys as to what they did with such a big load of fruit and they replied that they went off with it to eat. He ordered the parents to pay the Chinese fruit man eight dollars, the value of the fruit, and turned the boys over to them to punish as they thought best. "This is the first time you boys have been in trouble," the magistrate said to them. "But I am letting you go this time. If you steal any more I will have to send you to an industrial school. I think you parents should take the matter in your own hands and punish the boys yourselves. Each parent should correct his own child. If boys are allowed to go on in that way they will get at something more serious than taking fruit."

Wedding at Coombs.—The marriage of Miss Clara Gregory, second daughter of Mr. and Mrs. Wm. Gregory, "West Mount," Coombs, V. I., and Gordon Scott, second son of Mr. and Mrs. Robt. Scott, of Coombs, was celebrated at the home of the bride's parents on Wednesday, September 3. The ceremony was performed by the Rev. Mr. Daubin. The happy couple are spending their honeymoon touring the island. Cameron Lake being their first stopping place. Miss Pearl Sim, of Vancouver, and Wm. E. Thomson, of Victoria, were in attendance. On their return Mr. and Mrs. Scott will reside at Qualicum Beach.

Washington, Sept. 6.—An earthquake of moderate intensity was recorded by the seismograph at Georgetown, University to-day, beginning at 5:35 a. m. and continuing fifty minutes. It was believed the disturbance was in South America about 1,600 miles from Washington.

The Amberola  
Is Supreme

Back of the Amberola is all the wizardry of Thos. A. Edison, the world's greatest inventor. No wonder the Amberola tone is pure melody—free from the metallic sound and shrillness of ordinary "talking machines."

No wonder the genuine Diamond Point Reproducer has solved another phonograph nuisance—the bother and expense of changing needles.

No wonder the Amberol Records are almost unbreakable and last for years after ordinary phonograph records have broken or worn out.

Prices From \$62.00—On Terms

## CONFIDENCE IN BRITISH COLUMBIA IS UNDIMINISHED

Head of Merchants' Bank of  
Canada Optimistic Re-  
specting Conditions

### TIME NECESSARY TO REMOVE WAR'S EFFECTS

That confidence in British Columbia is undiminished, that the finances of the country are on a sound basis, and that co-operation and sane policy on the part of the employer and employee will quickly dispel the unsettled conditions consequent upon the great war, are some of the statements made by Daniel C. Macarow, General Manager of the Merchants Bank of Canada to a Times representative on arrival yesterday afternoon. Mr. Macarow speaks very optimistically of the manner in which Canada is recuperating after the war. He accompanied Sir H. Montague Allan, President of the Bank on a tour across Canada, the following officials being in the party: K. W. Blackwell, vice-president, A. J. Dawes, F. H. Wilson, Farquhar Robertson and G. L. Cairns, directors, and other officers of the bank.

**Crop Conditions.**  
"Our trip through the prairie provinces and British Columbia was as inspiring as it was interesting. Crop conditions on the whole are satisfactory. In British Columbia we find an air of prosperity and activity. The province has suffered from expansion in the past, but the incidental difficulties have been overcome and progress will now be along sound, sane and conservative lines," said Mr. Macarow.

Labor conditions in the east are greatly improved and disorganizing elements have been pretty well removed, he said. "I think the attitude of labor which at one time seemed a menace, has now reached a basis where sane counsel prevails."

"With fair and reasonable co-operation all along the line we can look for the solving of the big problems that the country has to face and do it with every measure of assurance."

"Respecting the financial outlook generally, conditions commercially and industrially in Canada are sound," said Mr. Macarow. "Thrifty and production are the essentials needed to improve conditions."

**Victory Loan.**  
Asked as to the prospects in connection with the floating of the forthcoming Dominion Victory Loan, Mr. Macarow expressed the opinion that it should prove a big success and it would be a national calamity if it failed after the splendid war record established by Canadians overseas.

**Currency Discount.**  
Mr. Macarow was asked what he thought of the present practice of attaching a heavy discount of Canadian currency in the United States. He said: "This is an economic condition produced by the very adverse trade balance as between Canada and the United States, and can be done by decreasing imports and increasing exports and if this is carried out it will prove that the discount of the Canadian dollar has been a useful stimulus after all."

"The trade balance against Canada runs roughly between \$50,000,000 and \$100,000,000. Of course when conditions in England become normal and we are enabled to sell freely our exchange in New York on England representing our exports of natural products to that country, doubtless it will prove a helpful factor in bringing about better conditions. A permanent rectification must come by a process of natural economic laws."

**Imperial Preference.**  
"I think a policy of imperial preference as enunciated by Mr. Lloyd George and repeated by Mr. Bonar Law, if developed into anything worth while, would undoubtedly prove helpful in stimulating Canadian industries. As a matter of fact it is having the effect of bringing branches of many big United States industrial concerns to this country already, and this is especially the case in the border towns in the older sections of Canada."

Mr. Macarow said his party would return to the East with their confidence in British Columbia undiminished. There has been a great demand for money throughout the country and there is no tendency to reduce the rates of interest, nor should there be under present conditions, which will continue for a long time, he stated.

**FEEDING TIME.**  
A city man went for his vacation to a country hotel. There was a hammock in the grove at the back of the building, and one afternoon he climbed into it with pipe and book. But the flies tormented him unmercifully, so he climbed out again in disgust.

"Look here, landlord!" he complained, as he entered the hotel. "What's the good of a hammock in such a fly-ridden spot as that grove?"

"Oh," said the landlord, "you didn't use the hammock during hammock hours."

# Exceedingly Attractive are the New Afternoon and Evening Dresses Now Displayed in the Mantle Department

## ON TUESDAY WE WILL WELCOME THE WOMEN OF VICTORIA TO OUR FIRST SHOWING OF FASHIONABLE FALL HATS

You will enjoy this first presentation of our new Fall Millinery stock because it is an assemblage of those delightful styles that the heralds of coming fashions told you about several months ago. "If I could only get well"

Here is the way to the Health you need when you are

Weak  
Anaemic  
Nervous  
Run-down

GLORIOUS, glowing health is the birthright of every man, woman and child, and if this rightful heritage has slipped from YOU because you are Weak, Anaemic, Nervous or Run-down begin at once with a short course of Wincarnis. What you need is physical strength—a new supply of rich, red blood and a revitalized body.

"Wincarnis" is the one thing that will give you new strength when you are Weak—new, rich blood when you are Anaemic—new nerve force when you are Nervous—and new vitality when you are Run Down. Because "Wincarnis" possesses a four-fold power—it is a Tonic, a Restorative, a Blood-maker and a Nerve Food—all combined in one life-giving preparation. From even the first dose you can feel it doing you good—and as you continue, you can feel the new, rich, revitalized blood dancing through your veins—you can feel your whole system being recharged with new life and new vitality. That is why over 10,000 Doctors

recommend "Wincarnis." It is not a luxury, but a positive necessity to all who are Weak, Anaemic, Nervous, Run Down—to invalids striving to regain strength after an exhausting illness—to all enfeebled by old age—and to all who are depressed and "out of sorts." "Wincarnis" is the quick, sure and safe way to new health. Quick, because the benefit begins at once. Sure, because for nearly 40 years it has given new health to countless thousands of sufferers. Safe, because it does not contain depressing drugs. Don't continue to suffer needlessly. Try just one bottle of "Wincarnis." Ask your Doctor. Get it at your Druggist's.

**WINCARNIS**

A combination of Extract of Beef, Extract of Malt, Iron and Manganese, Glycophosphates of Calcium Potassium and Sodium with a specially selected wine. A Tonic, Restorative, Blood-builder and Nerve-food. Prescribed by the Medical profession for Anaemia, Debility, Sleeplessness, Brain Fag, Nervousness, Lowered Vitality, Loss of Grippe, Maternity-weakness and Convalescence from any illness.

In two sizes: \$1.00 and (extra large bottle) \$1.75

eldest daughter of S. J. Pitts, of Piermont, Victoria, B. C.

Mrs. Kenneth McCarter, Mt. Edwards Apartments, has had as her guest for a few days her sister, Mrs. Fred Booth, and family, of Vancouver.

Capt. and Mrs. Wentworth Wood have returned to their home in Vancouver after spending the past few days as the guests of the latter's mother, Mrs. M. S. Wheatley, 1603 Jubilee Avenue.

Mrs. J. D. Gordon has been spending a few days in Vancouver on her way to Prince Rupert, in the course of a trip in connection with her new appointment as district director of the Homes branch of the Soldiers' Settlement Board in British Columbia.

Dr. J. S. Burris, of Kamloops, who was called to Victoria by the serious illness of Mrs. Burris, who has been on holiday here for the past seven weeks, left on Thursday night for the mainland en route for home. Mrs. Burris is a patient at the Victoria Private Hospital, where latest reports state she is making excellent progress towards recovery.

An interesting musical programme has been arranged in connection with the farewell tea to be given by the Women's Canadian Club to Mrs. F. A. McDiarmid on Tuesday afternoon at the Empress Hotel. Vocal numbers will be rendered by Mrs. H. Lasenby, Mrs. Day, and Mrs. Wright. Arrangements are being made for a large gathering, as it is anticipated that every member of the club will make an effort to be present on this particular occasion.

At "Breadalbane" on Thursday evening the Rev. Dr. Campbell celebrated the marriage of William G. Willmott and Miss Lily Crocker, both of Victoria. The bridegroom was accompanied by William J. Crocker, and the bride was attended by Miss Nellie F. Tweed. The flower girl was the bride's little sister, Winnifred Crocker. Mrs. E. N. Crocker gave her daughter in marriage, while the bridegroom's mother, Mrs. M. Willmott, was matron of honor. After a honeymoon, among the Sound cities, Mr. and Mrs. Willmott will reside in Victoria.

On Wednesday, September 3, at 4 p. m. a quiet wedding was solemnized at Christ Church Cathedral, between Miss Eleanore Matthews, of Vancouver and Dr. Herbert Nichols Watson, of Ladysmith. The bride is a daughter of Mr. and Mrs. John Matthews, 4651 Hudson Avenue. She was the daughter of the late Rev. Coverdale Watson and Mrs. Watson, of Vancouver. Dean Quainton officiated. Immediately after the ceremony Dr. and Mrs. Watson left for a motor tour of Vancouver Island.

Joining the 47th Battalion when it was first formed, Major E. G. Phipps Baker, D. S. O., M. C., has returned from overseas. He was promoted captain before the battalion left Barmouth and while in France became major and was for a period second in command of the unit. Major Baker was detained in England for some time after the 47th left, and was engaged in training the Canadian crews for Henley regatta. He was practicing law in Victoria at the outbreak of war and will visit various points on the island before returning to Vancouver.

Visitors registered at the Strathcona Lodge, Shawnigan Lake, recently included: Mrs. C. F. Todd, Mr. and Mrs. W. Todd, Mr. and Mrs. Cairns, Miss Cairns, Miss Montford, E. H. Hardie and Son, E. F. Cooke, A. T. Cowley, Capt. Lindley A. Knight, A. J. Bechtel, H. B. Watson, F. V. Richardson, Bryce Wright, R. H. Turner, Mr. and Mrs. F. Edwards, Miss M. Boardman, Miss Cass, Miss Mary Piercy, Mr. and Mrs. Jones and family, Mr. and Mrs. H. Rowley, Mrs. J. B. McIntyre, Miss Janet McIntyre, Henry Dalby, F. W. Harvey, R. Hallaway, J. Warren, Miss L. Carter, Miss L. O'Neill, Miss E. Flaherty, J. B. Barton, Miss Hewitt, Mr. and Mrs. Orpen, Mrs. Sears, Miss Sears, F. W. Francis, Mr. and Mrs. Tison, Mr. and Mrs. F. C. Pauline, Mr. and Mrs. Hodge, Elizabeth

Pierce, W. E. Williams, John A. Turner and Bryce Wright, of Victoria; R. P. H. Baird, Enidland; Mr. and Mrs. Louis Cragin, Ted and Truman Cragin, Mr. and Mrs. Horbaugh, Mr. and Mrs. L. B. Puppes, Mr. and Mrs. F. H. Baxter, Mrs. W. D. Mackay, J. Thomas Dovey, D. F. Buckingham, Wm. A. Houseman, Mrs. Geo. F. Vandeweer, Miss Reynolds, Seattle; J. R. Murchie, Mr. and Mrs. R. S. Somerville, Miss Ethel Raymond, Mrs. W. W. Dresser, Capt. and Mrs. Elkins, Dr. and Mrs. Findlay, E. B. Madill and wife, Mr. and Mrs. K. Buxton Forster, Chas. Dawson, wife and child, A. R. Francis, Mr. and Mrs. Randall, Mr. and Mrs. F. D. Goddard, Mrs. C. Kennion, Miss Kennion, C. Kennion, Mrs. G. Marsh, Vancouver; Capt. J. Hughes, Armstrong; Miss Farquharson, Miss Wrigglesworth, McKay, Vancouver; Mr. and Mrs. Clemes, Miss I. Clemes, Toronto; Mr. and Mrs. Johnstone, nurse and child, Hongkong; Miss Victor, Vancouver; H. Briggs, Victoria.

## FURTHER PLANS FOR BALL FOR PRINCE

Tickets to Be Distributed on Allotment Plan

The ball to be given in honor of His Royal Highness the Prince of Wales is to take place at the Empress Hotel on Tuesday afternoon, September 24, at the ground floor and basement having been reserved for the occasion. All returned officers, non-commissioned officers and men with their friends will have equal opportunity to purchase tickets, such to be distributed on the allotment plan.

The price of tickets is not yet fixed, but will be decided on with the idea of merely covering the cost of the function. Any surplus, the committee has agreed shall be handed to the 24th of May Celebration Committee for widows and orphans of ex-service men.

A meeting of the Committee was held last night when Major Edwards was elected chairman. Committees were also appointed in charge of the necessary arrangements. The secretaries of the G. W. V. A., Army and Navy Veterans, Comrades of the Great War and British Campaigners were present at the meeting.

## WEST SAANICH

Women's Institute to Hear Address on "Bee-keeping" by Mrs. Walker.

The regular monthly meeting of the West Saanich Women's Institute will be held on Tuesday afternoon, September 9, at the Institute rooms, Sluggert. A paper will be given by Mrs. Walker on "Bee-keeping," which promises to be very interesting and instructive.

The military five hundred held under the auspices of the Institute at the Institute rooms on Wednesday evening last proved, as always, a great success, eleven tables playing. After refreshments were served, dancing was indulged in. Those winning first prizes were as follows: Mrs. Petch, Mrs. Heyworth, Messrs. Fred Richardson and W. O. Wallace; consolation, Mrs. Wallace, Miss Gladys Guss, Mr. Heyworth and W. Mitchell. Several of the members winning prizes auctioned them off, causing a great deal of amusement, also netting a good sum, which helps to swell the proceeds of the evening.

Royal Week.—All communications in connection with civic welcome, decorations and festivities planned by the general committee for the Prince of Wales's visit should be addressed to F. Wesley Newton, general secretary, or Miss O'Rourke, Mayor's secretary, City Hall. These officials were named by the general committee yesterday.

## JAM IS BETTER THAN MEDICINE

These can take medicine if they wish, but there's better to take it Nature's way.

Thy body needs iron and physics. Thy physician says so and we know it else why should these be in the foods that are given us.

Quaker Jam contains more tonic and is better than pills and powders.

## A BEDTIME STORY

UNCLE WIGGILY AND THE PAPER BOAT.  
Copyright, 1913, by McClure Newspaper Syndicate.  
(By Howard R. Garis.)

One day it rained in Woodland, near the Orange Ice Mountains, where Uncle Wiggily Longears, a bunny rabbit gentleman, lived in his hollow stump bungalow.

"Dear me!" exclaimed Nurse Jane Fussy Wuzzey, as she saw the big drops splashing down. "This is too bad!"

"Oh, no, it is very good," spoke Uncle Wiggily. "The country is dry and we need the rain."

"It isn't the rain I mind so much," went on the muskrat lady housekeeper, "but I need some things from the store, and how I am going to go after them in this downpour I don't see!"

"I'll go for you," offered Uncle Wiggily. "I can climb into my rain coat, take a pair of rubber boots and a rubber hat in place of my tail, silk one. Then I don't need to carry an umbrella and I can bring as many things from the store as you need."

"Thank you! That will be very kind of you," said Nurse Jane. "I want some sugar, some salt, a bit of butter, some crackers and bread."

"I'll get them all!" most kindly offered Uncle Wiggily, and as soon as he had on his raincoat and hat and his rubber boots, off he started, over the fields and through the woods, in the pouring rain, to get the things Nurse Jane wanted.

It did not take Uncle Wiggily long to get to the grocery store, kept by a nice monkey doodie gentleman.

"Oh, ho, Uncle Wiggily!" cried the monkey doodie, as he saw the bunny rabbit, dripping wet, come into the store. "I didn't think you'd come out in a storm like this!"

"Oh, a storm like this matters not to me," said Mr. Longears. "I can't get wet, all dressed in rubber as I am. What is worrying me, though, is how I am to get Nurse Jane's groceries back home to her without getting them wet. I have no rubber suits for them."

"Do not let that worry you," kindly said the monkey doodie gentleman. "I will wrap the salt, sugar, bread and other things all up for you in a piece of waxed paper—the same kind that comes around crackers to keep them dry. Then you can take them out in the rain just as if they had on a rubber coat."

"That will be fine!" said Uncle Wiggily. And a little later he was on his way back to the hollow stump, carrying Nurse Jane's groceries in a large sheet of waxed paper which the rain could not wet through.

And it still rained. But Uncle Wiggily did not mind. Through the mud puddles he splashed and he was having a jolly time, and not getting a bit wet, when, all at once, the rain stopped.

"Well, now there is no need of my rubber coat, nor yet the waxed paper on the groceries," said Uncle Wiggily. "But still it is a good thing I had them. I will soon be home and then for a good time!"

"Yes, and I'll have my good time right now!" cried a harsh, grumpy voice. "I'll get you yet!" he barked at Uncle Wiggily, for the Skeezicks has a voice like a dog.

"Oh, no! you can't get me!" said the bunny.

On and on he hopped, carrying the groceries in the waxed paper, and he was almost at his hollow stump bungalow, when, all of a sudden he came to a big pond of water. It was a pond that had been made by the rain, and it was too deep to wade in and too wide to jump across. And Uncle Wiggily was not a very good swimmer.

"Oh, what shall I do? What shall I do?" cried the bunny gentleman. "Unless I can get across the pond the Skeezicks will get me. Oh, if I only had a boat!"

Then he thought of the big piece of waxed paper he had around the groceries. They no longer needed it as the rain had stopped. Then Uncle Wiggily remembered how, when a boy in school, he had learned how to make paper boats.

"I'll make a paper boat now!" he thought, "and in it I'll sail across the pond so the Skeezicks can't get me!"

No sooner said than done, as it is in story books. Uncle Wiggily quickly took the groceries from the waxed paper, and from that big sheet he folded himself a paper boat.

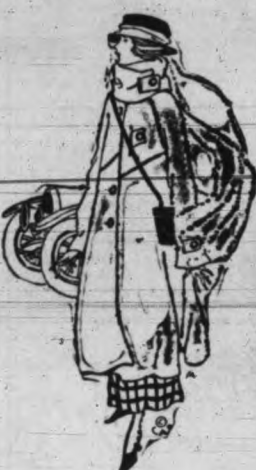

And just as he had finished it, and had put it into the water (which didn't soak through it on account of the wax) just as the bunny finished this, and had hopped into the boat with his groceries, along came the Skeezicks.

"Oh, you think you can get away from me like that, do you?" howled the Skeez. "Well, I can make a paper boat, too!"

So he made himself a boat out of a newspaper he found in the woods. But of course, not being waxed, this paper soaked through when the Skeezicks was in his paper boat a little way out from shore. And the Skeezicks fell into the water and got all wet and had to swim back.

But Uncle Wiggily was all right in his waxed paper boat. The bunny spread out the tails of his rain coat for a sail, and soon he was safe at home in his hollow stump bungalow with Nurse Jane's groceries. And all with Nurse Jane's groceries. And for the soaking-wet Skeezicks had for supper was blackeyed beans and bread and butter. So this teaches us that it is a good thing to know how to make paper boats.

And if the rubber ball doesn't get all wet when it plays croquet with the jumping-rope in the bath tub, I'll tell you next about Uncle Wiggily and the school books.

A nourishing food-drink for All Ages. Anywhere at anytime.

Delicious, sustaining, No cooking.

## An increase in salary— But are you better off?

"The more I make the more I spend," has been a young man's cry for generations.

When many a man's salary is \$15 a week he lives up to every cent of it, putting off the time to start a savings account until his wages are increased to \$20.

But when the \$5 a week increase comes, does it go into the bank? Not very often.

Make that salary increase do something for you if it is to be of any benefit. Deposit it in The Bank of Toronto each week.

With the interest it earns, you will find at the end of the year that you have a lump sum with which you can do material things.

A. P. Boulthée  
Manager

MISS M. E. LIVINGSTONE

## CHILD'S TRIBUTE TO MRS. ALFRED WATT

Canadian Organizer of  
Women's Institutes in Great  
Britain Is Honored

(From Anne Merrill).  
London, Aug. 24.—(By Mail).  
Dear Mrs. Watt:—We love you so; we are so glad to have you go. Come very quickly back again by steamer, train or aeroplane.

The Women's Institutes all say that we shall live to bless the day when you came over the great blue sea, for home, for country, and for me!

Of all the honors and friendly attention showered upon Mrs. Alfred Watt, M. A., M. B. E., Victoria, B. C., formerly Madge Robertson, of Sarnia, nothing so touched her to the quick, she told me to-day, as these little verses, handed to her during a presentation in Chichester, Sussex, by a wee girlie, a cottager's daughter.

"She was just the typical little cottage child, with pink cheeks and flaxen hair, and she came up so sweetly and shyly and handed them to me, first making a quaint curtsy after she recited the verses, and then another curtsy as she presented me with a regular English posy out of her own garden.

"It has touched me deeply that both 'high and low' have appreciated my efforts here, and I am glad they understand that the love of the child of humble parents is just as precious a memory to carry home to Canada with me, as the approval of a Queen, pleasant as that has been."

With Mrs. Lloyd George.  
Mrs. Watt has undoubtedly been shown marked attention, particularly throughout rural England and Wales, where the results of her splendid endeavors have been most apparent, and several people in "high places" having been informed of her achievement, have asked specially to meet her in order to convey their personal thanks. It is certain no Canadian woman has ever received greater honor here.

Yesterday she had tea with Mrs. Lloyd George, who is sending a message through her to Canada. "I cannot tell you what it was," said Mrs. Watt, "for it is to be delivered direct to the members of the Canadian Women's Institutes wherever I go. I feel bound to deliver it personally."

Honored at Dinner.

Last night Mrs. Watt was given a farewell dinner in London by the organizers of Women's Institutes, and at this function forty countries were represented, from England, Wales and Scotland. It may interest the transplanted Old Country people in Canada to know which countries they are, as they are really as they appeared on the menu card at the dinner: Anglesey, Berkshire, Bedfordshire, Buckinghamshire, Cumberland, Cardigan, Carmarthen, Cambridgeshire, Cornwall, Carmarthen, Durham, Dorset, Essex, Gloucestershire, Huntingdon, Hertfordshire, West Kent, East Kent, Leicestershire, Lincolnshire, Middlesex, Merioneth, Nottingham, Oxford, Northumberland, Northamptonshire, Norfolk, Shropshire, Sussex, Stafford, Surrey, East Suffolk, West Suffolk, Somerset, Westmoreland, Warwickshire and Wiltshire.

The toasts were "The King," "The Queen," "Mrs. Alfred Watt," "The National Federation" and "The Chairman." It was interesting to note that the Queen was toasted not in her status as Queen, but as "President of the Sandringham Women's Institute."

## IT CURES CATARRH BRONCHITIS

You don't have to wait for relief when you use Catarrhazone.

This wonderful inhalant treatment is guaranteed to cure any case of Catarrh, no matter how chronic.

You breathe through this inhalant and in so doing you send instantly all through the breathing organs a powerful vapor that is full of soothing, healing, germ-destroying properties.

In this way the seeds of Catarrh are destroyed. Sore nostrils and weak throat are cured. Coughing, hard breathing, and sneezing all stop. For lasting cure use only Catarrhazone. Refuse a substitute. Two months' treatment (including the inhaler), price \$1.00. Small size 50c; at all dealers, or The Catarrhazone Co., Kingston, Ont., Canada.

## SAANICH COTTAGE GARDENER'S SHOW

Ward IV, to Hold Exhibit at  
Strawberry Vale on  
Wednesday

The cottage Gardeners' Exhibition for Ward IV, Saanich, and the Flower Show under the auspices of the Garden City Women's Institute will be held on Wednesday, September 10, at the Strawberry Vale Hall on Burnside Road. At 3 o'clock the exhibition will be opened by F. A. Pauline, M. P. P.

Refreshments will be served during the afternoon by the members of the Institute.

In the evening at 8 there will be a concert, at which Mrs. Blackwood-Wilman, chairman of the Advisory Board of Women's Institutes, will preside. Immediately after the concert many of the exhibits will be put up for auction. Exhibitors who are unable to take their produce to the hall are asked to leave it at the Marigold Grocery Store, from which place it will be collected. Miss Sax, convenor of the Sewing and Fancy Work Section, will be glad to receive any small articles for the "Touch-and-Take" stall. A large and varied number of exhibits have already been entered and the show promises to equal if not excel that of 1918. Last minute entries can be made at the Strawberry Vale Hall on Tuesday afternoon and Wednesday morning up till 10 a. m.

## BEDRIDDEN WITH RHEUMATISM

Felt That He Would Never Walk  
Again; "FRUIT-A-TIVES"  
Brought Relief.

MR. LORENZO LEDUC

3 Ottawa St., Hull, P. Q.  
"Fruit-a-tives" is certainly a wonder. For a year, I suffered with Rheumatism; being forced to stay in bed for five months. I tried all kinds of medicine but without getting better; and thought I would never be able to walk again.

"One day while lying in bed, I read about 'Fruit-a-tives' the great fruit medicine; and it seemed just what I needed, so I decided to try it."

"The first box helped me, and I took the tablets regularly until every trace of the Rheumatism left me."

"I have every confidence in 'Fruit-a-tives' and strongly recommend them to every sufferer from Rheumatism."

LORENZO LEDUC.

50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa, Ont.

## VANCOUVER ISLAND NEWS

The Nanaimo Agricultural Society has publicity matter issued for the big exhibition to be held on September 16, 17, and 18. One of the features of this year's exhibition is the Better Babies contest, which will be held under the supervision of Dr. Drysdale and the nurses of the local hospital.

Lieut. Hickey's Death.  
The German machine gun belonging to the 2-seater Rumpier machine brought down by Flight-Lieut. Charles Hickey, of Parkville in Belgium, shortly before his death in 1918, is on view in Nanaimo. In falling the German plane let go its load of bombs, killing a number of Belgian officers. An extract from the London Gazette is also shown crediting Lieut. Hickey's flight with sixteen German planes in the space of three months.

Wedded in Nanaimo.  
On Monday morning in Haliburton Street Methodist Church, Nanaimo, Rev. E. H. Balderston united in marriage Florence Coulthard Brown and Thomas Bailey. Miss Annie Mc-Makin acted as bridesmaid, the groom being supported by his brother, Alex. Bailey. Mr. and Mrs. Bailey are spending a few days in Victoria and will return to reside in Nanaimo.

Nanaimo Postal Delivery.  
It is possible that the new postal delivery may not be started in Nanaimo until next April. If the numbering is completed within the next two or three days it will still be possible to make arrangements for starting on October 1, but there must be no delay, and if it is not done at once the busy season at the Post Office will have begun and the change will have to be deferred until next year.

Women of St. Andrew's.  
The first fall meeting of the Women's Association of St. Andrew's Church, Nanaimo, which is the reorganized Ladies' Aid, will be held on Monday at 2.30 o'clock, to complete the arrangements for the November bazaar, and tea will be served by the social committee for the day.

Members of Ashlar Lodge, A. F. & A. M., Nanaimo, who have been overseas, will, with their ladies, receive special honor at a reception next Wednesday evening in the lodge rooms, where a musical programme will be followed by whist drive, dance and supper.

Appeal of Brewery Company.  
The appeal of the Union Brewery Company of this city against a fine of \$1,000 on May 21 last, by Stipendiary Magistrate Potts, for selling liquor to the King Edward Hotel, Alberni, came up before Judge Barker to-day in the County Court and was thrown out on a technicality.

## DEAD LOSS.

She—I can never be yours. Here are your presents.  
He—All very fine. But what about those cigars I gave your father and those quarters I gave your little brother?

## SUGAR HOARDING NOW PROCEEDING

So States Coast Markets  
Commissioner, in Discussing  
Fruit Preserving

The sugar situation, in its relation to fruit preservation, is occupying considerable attention at the present time. According to the report of the Coast Markets Commissioner at Vancouver during the week the movement in fruits was fair, until Thursday when a slight slackening was noticeable, due to the "severe lines" regarding the sugar shortage. "Such publicity, coupled with the unwarranted hoarding of the consumers, can make a shortage any time," Mr. Abbott says.

"It is reported that some housewives are laying in a supply sufficient for a year, and that the demand on grocers has been greater than ever known. If consumers bought only for their present needs there would be very little hardship, and a possibility of sufficient supply to carry over the canning season. However, as the situation is there is every likelihood of our fruit growers suffering a severe loss unless the consumers can their peaches and plums without sugar, which can be done just as successfully as by the use of sugar and much more economical in the long run," said Mr. Abbott.

Prices in Vancouver and Victoria wholesale for fruit, according to the Dominion Fruit Commissioner, are as follows:

Plums in peach boxes, \$1 to \$1.50; 48 crates, \$1.50 to \$2.25. Early peaches, \$1 to \$1.50. Imported Crawford's, \$1.40 and Elbertas, \$1.25, large sizes, per box.

Apples—Gravenstein, B. C. No. 1, \$3; No. 2s, \$2.50; Duchess No. 1, \$2 to \$2.50; other early varieties, No. 2, 3 and crates from \$1.25 to \$2 per box. Apples scarce.

Bartlett pears, \$3.75 to \$4. Hot-house tomatoes, \$2.50 4b. crate; field tomatoes, boxes and crates, \$1 to \$1.50.

Malaga grapes, \$2.50; Tokays, \$4.50; green peppers 15c. and egg plant 20c. per pound. Potatoes \$35 per ton. Onions, \$4.50 per 100 pounds.

Peaches and tomatoes plentiful on the market; plums and apples scarce.

## FIND IT HARD TO BE INSURED

Disabled Returned Men Want  
Government Scheme For  
Life Protection

Difficulty that some returned soldiers are said to be experiencing in obtaining insurance in regular life insurance companies, led the Comrades of the Great War at their meeting at their club rooms last night to take action towards having the matter brought up before the Central Council.

The difficulty in obtaining life insurance, it is said, is particularly great in the case of disabled men. Many of these men can obtain no insurance at all, and others can obtain protection only on the payment of special and high premiums. Comrade McNicoll put before the meeting a scheme for Government insurance for such men, which will be taken up with the Central Council.

It was reported that many members of the Comrades organization are volunteering for service in the guard of honor during the visit of the Prince of Wales. These men, three officers and 100 other ranks, will be put on the strength of the 50th Regiment with full pay for eight days. The only work on six days will be nightly drill. The full Highland uniform of the 50th Regiment will be worn.

The meeting decided to investigate a complaint that a man, said to be wearing a returned soldier's button, had entered Hall's Drug Store, it being alleged that he was employed by the police as a stool pigeon.

A resolution was passed and will be sent to Ottawa claiming that the Government should first of all properly take care of the men who had served in the fighting areas before recognizing the claims for gratuity from the Overseas Mechanics Club. The Comrades, commencing next Wednesday, will hold a monthly smoker with Comrades Ingledew, Stanton, C. Smith, Booth and Forrest in charge of the arrangements. The Comrades' football team will be organized at 8 o'clock next Monday evening at the club rooms. Comrade Booth was chosen chairman of the Publicity Committee and Comrade Pearce chairman of the Ways and Means Committee to succeed Comrade Birch.

At the next meeting officers for six months will be nominated.

## FOLK-SONGS HAVE POPULAR APPEAL

John Philip Sousa Praises  
Irish and Scottish  
Music

In a recent conversation, the veteran composer and bandman, Lieut. John Philip Sousa remarked that "the folk-songs of Britain are the greatest in the world. The Irish and Scottish particularly so," he said. "Travel the world over as Sousa has done and it will be found that he is right, and the appeal of the folk-song will soon manifest itself in the enthusiasm displayed by any audience where they are played or sung, for at home or abroad, the folk-song is enshrined in the hearts of the people. Few programmes, indeed, are complete without a Scottish or Irish folk-song or at least a ballad written after the style of the folk-song. And the endeavor of many singers and researchers has been to bring out the gems and present them to the public."

Both Ireland and Scotland are rich in Celtic literature and it is the Celtic strain in both races that is responsible for the many poets and musicians which have sprung from them. In regard to this one famous writer says: "Few who are not avowed Celts know the lavish richness that exists in Scottish and Irish poetry and music. Indeed, it is claimed Ireland alone can produce in print at least 2,000 Irish airs, and the number could be expanded to 5,000." Sir Hubert Parry once said that: "Irish music is the most varied, the most poetical in the whole world." Here then is a wealth of balladry, an unexplored field for the singer who wishes to reach the hearts of the people. Here then is a great field of human appeal, which no singer can quite afford to despise.

Violinist, Royal Victoria,  
on October 2

## MAY PLAY AGAIN

IGNACE PADEREWSKI

who according to rumor is likely to play again. The report that Paderewski may play in public again, if true, will delight his countless admirers all the world over. But if he ever does so it would probably be only in the cause of charity, for as the head of a State he would no doubt be unable to give recitals in the ordinary way. Since the war began Paderewski has entirely cast aside, even composing (which he cares far more than playing) in order to work for his beloved Poland. Many people are wondering when his fine symphony, into which he put all his thoughts for his country, will be heard again. And will Paderewski be inspired to write a triumphant sequel to it, now that Poland is free once more.

## BANDSMEN AND STANDARD MUSIC

It is important that bandmen be encouraged to cultivate a taste for standard music, for the reason that continuous rag time playing will put the participant in the same class as the reader of the dime novel and he will care for nothing else. Standard music can be played over and over again and it is always interesting and new, while popular tunes soon become out of date and are then really offensive.

## MUSICAL NOTES.

The New York Symphony Orchestra is to pay a visit to Europe next year. The French Government, at whose invitation the orchestra is coming over, has placed at its disposal the Opera, where concerts will be given in May. The Belgian Government has also extended a welcome to the New York players to visit Brussels, and an Italian trip is also in contemplation. The visit to Europe of this leading American orchestra ought not to be made without a trip to this country, and one is glad to hear, according to The Musical Times, that a strong committee has been formed to take up the matter. It is hoped, consequently, that the orchestra may be able to give some concerts in London next July.

## LOCAL MUSICIAN WAS PRISONER

Lieut. Paul Edmonds, Returns  
After Three Years in  
Turkish Prison

Lieut. Paul Edmonds, who, before his departure overseas in 1914, was one of the leading teachers of singing in Victoria, has returned to Victoria and is the guest of Mrs. Wolfenden, "Arkholme," Cranmore Road, for a few weeks. Leaving Victoria in August, 1914, with a draft from the 7th C.G.A. he later transferred to the Royal Field Artillery and was sent out to Mesopotamia. Following the siege of Kut, he was taken prisoner by the Turks, and for three years was kept a prisoner in the camps at Yozgad and at Afion-Karahissar.

During the dreary days of his long incarceration he found his knowledge of music an invaluable factor in keeping up his own spirits and that of his fellow captives. He organized a choir and also formed an orchestra, the ingenious instruments used being the product of his own fertile brain and deft hands. It was amazing the amount of melody which was produced from the weird makeshift instruments. In addition he composed a number of part-songs and wrote several plays and kept an interesting diary, but these treasures were unfortunately lost before he reached England.

During his stay here Lieut. Edmonds will probably give a public lecture on his experiences, as the beginning of a Dominion-wide lecture tour on the story of the Yozgad prisoners.

## MUSIC IS GREAT PRISON REFORMER

Prison Chorus Helps to Discipline Reformatory Inmates

Sullenness, distrust, armed guards and the necessity for rigid discipline are almost a thing of the past in a southern state reformatory where music has been given a chance to do its work through intelligent and sympathetic officials. Not only is prison life improved for the men during their stay but when they gain their release the prisoners will be much more likely to be good citizens, than if they had been kept under the old restraint, which hardened, rather than softened, their attitude toward the public which meted out the punishment they were undergoing.

"If you get a bunch of men singing when they are at work," said the superintendent, "it is likely that you can depend on them and afford to trust them. We have these men singing and we have proved that we can trust them."

In the reformatory chorus now there are about 200 men. At 5:30 o'clock each evening a big song-fest is held in the prison yard. The new order gives the men liberty for two hours and a work every evening. The first forty-five minutes is devoted to singing. The rest of the time, usually until 8:30 o'clock, is devoted to playing group games, to sports, athletics and other contests.

The present system was introduced by Dr. Donald M. Marvin. He argued that if music and sports were worth while in developing morale in the army, they would work equally well in the reformatory.

Singing is Best.  
"It is in singing together that we have the best grip on their interest and enthusiasm," said Dr. Marvin. "Within two weeks the men had learned fifty songs. I have heard soldiers singing in the camps. I never heard better singing or more enthusiastic singing anywhere than these men here do. They are not musicians. Their favorite songs are ragtime, mostly. Later on we shall take up a better type of music and develop harmony. We are just getting well started. The ragtime is the opening wedge, but our goal is far beyond that and we shall reach it. It will be just a matter of time and growth. These men make up in enthusiasm now what they lack in harmony. When they learn harmony the results will be wonderful. Sometime we are going to surprise the State with a reformatory chorus which will sing the best music and sing it well."

The leader of singing predicts that the prison chorus will develop very rapidly and that it is likely similar choruses will be organized in reformatories throughout the country. He argues that the plan is a success here beyond the fondest expectations and that it can be made to work at other prisons if it is started right and conducted properly. The right attitude toward the men must be taken at the beginning. They must not be forced to sing, they must be invited to sing, and later they will sing because they want to, because they are glad of the opportunity to throw themselves into something wherein they can give unrestrained expression to themselves.

## CHEAP LESSONS A BAD INVESTMENT

Parents should be much more careful than they are in the selection of teachers for their children. An incompetent teacher may not only waste a vast deal of time—taking a year to accomplish what might be done in a few weeks or months, but he may also do the formation of bad habits that more than outweigh any good gained, may even cause injury to the nervous system which can never be wholly remedied.

It is not always easy to judge of a teacher's qualifications, but two mistakes should be carefully avoided. The first is that of trying to get lessons too cheap. For every dollar that is lost employing a highly skilled teacher to do what might be expected to accept, a thousand are lost employing unskilled, untrained teachers. The other is that of supposing that any teacher will do for a beginner.

The first six months' lessons give the beginner's mind and habits a bias which is never lost. No untrained teacher should be considered at any time, but if it is necessary to take chances with a teacher, who, having other qualifications, lacks experience, let this be done after the pupil has had a year's start under thoroughly right conditions and when mistakes, if any, are made will not be so fatal.

"It was terrible," cried the man who had been nearly drowned in the duck-pond. "He covered his face with his hands. 'And all the time

my past life was flashing before me in a series of pictures." "Not really?" exclaimed one of the crowd, bending forward eagerly. "I don't suppose you happened to notice a picture of me lending you that ten bob in the spring of 1907, did you?"

A college professor who was always ready for a joke was asked by a student one day if he would like a good recipe for catching rabbits.

"Why, yes," replied the professor. "Well," said the student, "you crouch down behind a thick stone and make a noise like a turnip."

"That may be," said the professor, with a twinkle in his eye, "but a better way than that would be for you to go and sit quietly in a bed of cabbage heads and look natural."

## BAD TEMPER IN THE STUDIO.

Mark Hambourg once described very graphically indeed how Leschetizsky took a rebellious pupil by the collar and literally threw him out of the room. Twenty-five years ago such things were applauded as necessary severity in order to insure discipline, just as the infamous incident in the German army, years ago, when an officer assaulted a cripple for failing to recognize his identity, was condoned by the military discipline. Leschetizsky was great in spite of his deplorable temper, not because of it. Just as quarrelsomeness was put down by modern business men as an unfortunate mark of bad breeding and always as much an obstacle as it is unnecessary in any legitimate business transaction, so, bad temper has no place in the modern music studio.

There is some possibility of Kubelik, who is, of course, a subject of new Allied State, Czechoslovakia, returning to England after an absence of some years.

## DEFINITION OF TECHNIQUE.

Technique is the training of nerve lines between nerve centres—the brain being one, the principal centre, while any muscle in the playing mechanism is the other. The most natural question is: How can one train a nerve line? A well known psychologist answers the question for us in these words: "The clearest permanence and quickness with which a nerve line can be trained is in proportion to the attention and concentration brought to bear upon it." Interest deepens attention; therefore this plain to be seen that the practice of using passages from pieces has an advantage over the routine practice of the broken chord. "Interest is the mother of Attention, and Attention is the mother of Habit; therefore, if one wishes Habit (or a responsive nerve line), he should secure both the mother and the grandmother."

Mother—"Now never let me catch you at the jam again."  
Willie—"I tried not to let you catch me this time."

## LEONCAVALLO'S HARD STRUGGLE TO FAME

Late Composer Fought  
Poverty All Through  
Musical Career

With the death of Maestro Ruggero Leoncavallo in his villa at the celebrated Tuscan health resort of Montecatini disappears one of the best-known contemporary Italian composers.

Born in Naples sixty years ago, Leoncavallo had later to struggle with extreme poverty. He made his boyhood's musical studies at the local conservatoire, where quickly he won an enviable reputation as a pianist. Before he was out of his teens he had gone on to Bologna to follow Carducci's University courses in prose and verse, for he was already busy writing his earliest work, "Chatterton," adapted from De Vigny's drama.

Leoncavallo was possessed with the idea that no composer could hope to produce a perfect opera unless he constructed his own libretto and set it to music as he went along. Just when "Chatterton" should have been performed, Leoncavallo's Neapolitan impresario gave him the slip. The young maestro in disgust got away as soon as he could to Paris. There he developed Wagnerian tendencies and offered it to Ricciardi's formidable rival, Sonzogno, who accepted it forthwith.

Performed at Dal Verme Opera House here 25 years ago, "I Pagliacci" scored a tremendous success, largely due to the fact that the orchestration was the handiwork of the potential prince of conductors, Toscanini.

Within a very short time Leoncavallo found himself famous and wealthy; while this most fortunate of his operas was in demand throughout both hemispheres, taking turn in nightly performances with Mascagni's "Cavalleria Rusticana."

Nor was Leoncavallo's later output quite reached the level of "I Pagliacci," though he had the advantage of having world-renowned singers like Tamagno and Rosina Storchio as interpreters.

Ex-Kaiser at Patron.  
Ex-Kaiser William, in his omniscience, chose Leoncavallo for the putting to music of the heroic Teutonic legend of "Rienzi of Berlin," but that achievement was blessed off the stage.

Sadly unstable in his ideals, and a great spendthrift besides, Leoncavallo, in his last phase, sought enrichment in light musical comedy. Something of his primal originality, freshness, and inspiration make their transient flashes in "I Zingari (the Gypsies)," which he wrote expressly for and conducted personally at the London Hippodrome a year after his lucrative triumph there with "I Pagliacci."

For the rest, his only production which made any great appeal to the public was his three-act opera "La Regina delle Rose (the Little Queen of the Rose)."

## ACCOMPANYING IS A FINE ART

"How happy I should be, if my daughter could play just enough to play accompaniments," is only too often the remark of a mother, who brings her daughter to a music teacher for the first time. Surely such a mother does not realize that the art of accompanying is one which requires the greatest skill and musicianship and is not to be taken up lightly by anyone who comes along.

There is no branch of musical art about which so little is known as the art of accompanying. The common idea inferred by most parents and the public generally is that an accompanist is one who is quite unable to play solos. However, the reverse is the case and it should be clearly understood that the most sympathetic accompanist is a thoroughly trained musician.

A famous examiner from one of the best known musical colleges in England, very recently urged the writer to make it public that the teaching of the art of accompanying should be included in every college curriculum. His idea was that once a student had mastered the standard accompaniments—such as the "Jewel Song," or "The Bachelors," they could not be forgotten, even though solo playing had been given up. He went on to illustrate his point by saying that many women had to give up their music through pressing domestic duties and often they lost it altogether because they had only studied solo playing under the guidance of a master.

Had they been taught to play the standard accompaniments along with their work on the great masters then, the utilitarian part of their music would become apparent; for they would always be able to sit down and play an accompaniment with grace and ease, and so hold on to their music in a degree. At the same time they would give pleasure to themselves and to their families.

## FACE DISFIGURED WITH PIMPLES

Itched and Burned. Scarcely Slept. Cuticura Heals.

"Pimples affected my face. They were large and always festered, and they were scattered all over my face. They afterwards turned into scales and when they fell off my face was disfigured. They itched and burned so that I scarcely slept at all."

"I had been bothered for nearly two months before I started using Cuticura, and after I had used three boxes of Cuticura Ointment with the Cuticura Soap I was completely healed." (Signed) Miss L. Burns, St. Basile, Que., June 6, 1918.

Use Cuticura Soap, Ointment and Talcum for all toilet purposes. For free sample each of Cuticura Soap, Ointment, and Talcum, write to Dept. A, Boston, U. S. A. Sold everywhere.

Would Discuss Training Ship.—To discuss the need of establishing a training ship here, the Rotary Club has asked Mayor Porter to call a public meeting in the City Hall at 8 o'clock, Thursday evening, September 18.

Quit Paying Rent.—We have a number of cheap houses at Esquimalt and Gorge. Crown Realty Co.

No Rent to Pay.—Buy one of our bungalows, \$1,550; \$350 cash; balance better than rent. Crown Realty, over Imperial Bank.

Rex Theatre, Esquimalt.—The opening announcement of the Rex Theatre which appeared on the Esquimalt page of The Times last night should have read Wednesday, September 10 instead of Wednesday, September 18.

Postponed.—The garden party which was to have been held at the home of Mrs. R. Walker, 2310 Wark Street, this afternoon under the auspices of the Five Rays Club, Order of the Eastern Star, has been postponed till Wednesday next, September 10. Tickets already purchased for afternoon tea will be good for Wednesday's affair.

City Opposes Water Application.—Because the watered supply of Elk Lake is being held as a reserve supply for the city, Mayor Porter, City Solicitor Pringle and City Engineer Preston appeared before the Water Rights Commissioner (E. A. Cleveland) yesterday and opposed the application of C. H. Heat and others for the utilization of water from a stream flowing into Elk Lake. The question was stood over for three weeks.

To Fly Across Straits.—The Pathfinder will fly across the Straits on Wednesday morning to Port Townsend, where Lieut. Jack Clemence is to give exhibitions at the Jefferson County Fair, from Wednesday to Friday. Customs officials are puzzled as to whether the machine, in being passed across the line, should go over as an automobile or vessel as there is as yet no provision made for clearing aeroplanes.

Muggins Again Disappears.—"Muggins" suddenly disappeared while out with his mistress, Mrs. Woodward, yesterday afternoon and at noon today had not been found. Anyone having seen him or having any knowledge of the dog's whereabouts is asked to kindly communicate with Mrs. Woodward, telephone No. 252L or 582 Toronto Street. She is naturally distressed at the disappearance of the dog, and would welcome any information that would lead to his recovery.

Workshop for the Blind.—There is a likelihood of the establishment of a training school and workshop for the adult blind in this city if sufficient interest in the project can be raised here. Such is the information contained in a letter to a Victoria resident from A. A. Archibald, 616 Hamilton Street, New Westminster, secretary for the blind in British Columbia. Mr. Archibald states that Mr. Holmes, the organizing secretary for the blind in Canada is shortly to come to this Province to set the stage for the adult blind on a firm basis. He is opening a shop in Vancouver for the blind, the machinery for which has been already ordered, and is willing to open a shop in every town in the country where there are at least a dozen blind men to warrant the establishment. Those interested in this project are asked to communicate with Mr. Archibald, or Mrs. Ormiston, 141 Croft Street.

## HAS LEFT CHICAGO FOR SEATTLE OFFICE

Charles Armstrong, Formerly Publicity Commissioner, Comes West Again

Glad to be back in Victoria after several months' absence in the United States, Charles L. Armstrong has rejoined his wife, who returned here in April. Mr. Armstrong, who resigned the publicity commissioner-ship of the Victoria and Island Development Association to take an appointment in Chicago, is looking well. He has given up that position to take a similar one with Isard & Co., of Seattle and Portland. Accordingly he will shortly move to Seattle, his duties involving periodical tours of the middle west.

Mr. Armstrong says that the shortage of houses in a great city like Chicago, the third largest in the Anglo-Saxon world, cannot be appreciated by the people who have not experienced it. Four times the normal value of rentals is cheerfully paid to get any sort of accommodation. Over the building of building construction during the war, and then a great building trades strike just after the embargo was lifted, there have been no houses added in Chicago to care not only for the normal increase of population in a community of two and a half million people, but for the natural influx into all large urban communities. People earning large salaries have left the city owing to the impossibility of securing accommodation.

Sixty per cent. of the national advertising business of the United States is now written through Chicago, New York's proportion gradually declining. It is estimated that there are 2,600 firms in Chicago engaged in this class of business, their members all earning good salaries. Mr. Armstrong will go to Seattle on Monday to take up his new duties there.

## Every Woman's Ambition For Rosy Cheeks Now Easily Satisfied

Hollow cheeks with dark lines under the eyes, how a woman hates them!

But rosy cheeks, clear skin, and bright eyes, give them to a woman and she is happy.

The woman who attracts, whose fresh, dainty complexion compels admiration, is always careful of her health, particularly of her blood condition. That complexion always means bad blood.

Girls don't let your blood grow thin or watery. To do so brings on haggard looks and declining strength.

Many a woman who has allowed herself to run down, to become tired, worried look has built up again in this simple way. Why don't you try it?

At the close of every meal, just take two small chocolate-coated Ferrerozine Tablets—any person can do this in a minute. The action of Ferrerozine is apparent at once. It sets you up, makes you feel good, starts up your appetite, aids digestion, brings back a feeling of youth into the system again.

Ferrerozine puts you on the right road—the one leading to health. Not a man, woman or child needing blood, vigor, endurance—not a person who is weak, nervous or sickly, not a person in ill-health who won't receive immediate help from Ferrerozine.

As a tonic and restorative, as a health-bringer, as a steady builder, Ferrerozine is unrivalled. It cures because it feeds and nourishes, because it contains the elements that build up and strengthen. For better looks and better health try Ferrerozine yourself, sold everywhere, 50c. per box, 6 boxes for \$2.50, or by mail from The Catarthosone Co., Kingston, Ontario.

## TELLS COLORADO OF BUTCHART GARDENS

Editor Says Saanich Home Is Notable For Hospitality and Variety of Flowers

"Never do I remember having seen so many flowers in a single garden," writes Congressman Guy U. Hardy in The Canon City (Colorado) Record, telling of the Butchart gardens here. Mr. Hardy was one of the members of the party attending the editorial convention in Victoria last month, as President of the National Editorial Association.

"The little Butchart garden party was one of the notable events of this great trip so full of big things. Mr. Butchart is a manufacturer of cement. Near his plant he has built a wonderful flower garden, one of the finest individually owned gardens in the world.

"Acres and acres are covered with flower beds and beautiful and rare plants. The rugged hillsides and rock shore lines of an arm from the sea lend themselves gracefully to the decorations and adornment of man. Never do I remember having seen so many flowers in a single garden.

"In one part of the grounds was an old quarry from which the cement materials had been dug and hauled away. What might have been a scar on the scenery has been turned into beautifully worked out garden garden. The roses are covered with crosses and vines and from little ponds of water spring rare water lilies and water plants.

"In the centre of all this beauty is the home—not the grandest, perhaps, but certainly the most elegant, refined and home-like house I was ever in.

"The Butchart gardens are notable in themselves, but the most remarkable thing about this charming place is the fact that it is open to the public. When most men grow prosperous

STOMACH DISORDERS ARE READILY CORRECTED AND ORGANS RESTORED TO REGULAR AND HEALTHY ACTION BY THE USE OF

## PARMELEE'S VEGETABLE PILLS

enough to build a beautiful home and gardens they build a stone wall around it and shut themselves in from the public view. But not so Mr. and Mrs. Butchart. All this beautiful place is thrown open to the public five days a week. An elegant little tea house provided with easy chairs, magazines, hot water and tea is open to all callers for their use and comfort.

## SEVERAL MINISTERS LEAVE IN WEEK END

Attorney-General For Ottawa; Dr. MacLean and Mr. Hart For the North

Hon. J. W. deB. Farris, Attorney-General and Minister of Labor, will leave the city to-night for Vancouver in order to be in attendance at the conference of British Columbia mayors called for Monday. At the meeting in question Mr. Farris will submit a proposal dealing with British Columbia's part in the campaign against the high cost of living.

It is the intention of the Attorney-General to invite every practical suggestion that will lend itself to assisting his Department in carrying out the request of the Board of Commerce. With a concrete proposal formulated, Mr. Farris will go to Ottawa and confer with the Board and advocate such steps as may be necessary to give substantial effect to the wishes of Chief Commissioner Robson.

The Attorney-General will attend the Labor Conference at the National capital, which opens its sessions on September 15. He will be accompanied by J. D. McInven, Deputy Minister of Labor.

Hon. John Hart, Minister of Finance, and Hon. J. D. MacLean, Minister of Education and Provincial Secretary, will leave Vancouver on Monday night by the Grand Trunk Pacific Steamship, Prince George, for Prince Rupert and points on the G. T. R. The two ministers expect to be absent from Victoria for about ten days.

Premier Oliver has been on an inspection trip of the Pacific Great Eastern Railway system as far as Quesnel, is expected back to-morrow, Sunday afternoon. Hon. T. D. Pattullo, who accompanied the Premier, will return via Prince Rupert next week.

Public Dance every Saturday evening, Alexandra Ballroom, Manageress, Mrs. Boyd.

Court House Painting.—A large crew of painters is busily engaged in rehabilitating the interior of the Court House Building, and the clean fresh appearance of the various corridors and rooms makes a welcome change, the Court House interior having been badly in need of a new coat of paint for some time.

## TO MAKE CERTAIN BRIDGE IS SAFE

To make certain that the structure is fully capable of withstanding the traffic that it is now bearing, it is understood the Department of Public Works has taken steps to have a thorough overhauling made at once of the Helmcken Road bridge over Deadman's River. Because of the routing of most of the up-island traffic by Burnside Road while the Island Highway between Craigflower and Parson's bridges is being paved, the Deadman's River bridge is being called on to carry an exceptional amount of traffic.

## C. P. R. OFFICIALS VISIT VICTORIA

Passenger Agent Sturdee, of the C. P. R., at Seattle, accompanied by Mrs. Sturdee, arrived in Victoria this afternoon, and will make a tour of Vancouver Island under the direction of the officials of the Victoria and Island Development Association. The visit of the Seattle official is partly in connection with the Banner Tour which the C. P. R. recently inaugurated, giving a special round trip fare from Seattle to Victoria up the island through Nanaimo and back to Seattle by way of Vancouver.

H. W. Brodie, general passenger agent of the C. P. R. at Vancouver, will arrive here to-morrow to make a trip up the island to Campbell River.

**ATHLETIC UNION MEETS AT OTTAWA THIS MONTH**

Questions which have been keenly debated by Victoria sportsmen and sportsmen of the West in general may be decided this month. Announcement is made that the annual meeting of the Amateur Athletic Union of Canada will meet at Ottawa September 23, 24 and 25.

Victoria sportsmen with other sportsmen in Canada have many matters on which they have been anxiously awaiting a ruling from the A. A. U., not the least important of which are the necessary approvals from the union to their recommendations that several local sportsmen who have been guilty of breaches of amateur rules in the past be given another chance in the amateur sport.

Dave Scott, of Vancouver, will represent British Columbia.

**RUGBY MEN PREPARE FOR COMING SEASON**

Of 188 Active Players 182 Enlisted For Service

The annual meeting of the Victoria Rugby Union was held last night, George Jay presiding, and thirty delegates were present, representing all athletic clubs in the city. The election of officers resulted in J. H. Gillespie being elected hon. president; George Jay, president; C. Grant, hon. secretary, and W. H. Spalding, hon. treasurer. The general committee will be the officers and one representative of each club, covering the period of the war, the main points being the suspension of senior Rugby in the city during the war and the carrying on only of service games and school competitions. He stated that of 188 active Rugby players in Victoria at the outbreak of the war 182 had enlisted for service overseas. He made enthusiastic reference to the record of Rugby men at the front and warmly welcomed the return of so many old faces.

Treasurer Hill presented his balance sheet, showing a satisfactory credit balance. The matter of grounds was discussed, and it was felt that sufficient accommodation could be found for the season's games.

**SCOTT AGREES TO REFEREE LACROSSE SERIES AT WINNIPEG**

Calgary, Sept. 5.—Harry Scott, sport editor of the Calgary Albertan, who has been invited to referee the Canadian championship tournament games in Winnipeg, starting next Wednesday, replied to-day to Abbie Coe, president of the Winnipeg Lacrosse Association, that he would be glad to officiate and would be in Winnipeg next Wednesday morning. Joe Moir, of Edmonton, who will accompany the Alberta champions, and Harry Scott, will represent the Alberta Lacrosse Union at the meeting. Scott's appearance on the field as referee should be a big boost to the tournament, as he will be a neutral party, although he formerly officiated in Winnipeg, where he made a big hit. His strong point in handling a lacrosse match is keeping the play clean, which, if accomplished, is the greatest boost the game can receive, as the fans do not relish the rough stuff.

**CARPENTIER OR BECKETT NEXT FOR DEMPSEY**

London, Sept. 5.—Reports that Jack Dempsey had already signed to meet the French heavyweight, King Georges Carpentier, got a rise here yesterday from Promoter Cochrane, who put on the recent Beckett-McGoorty fight. Cochrane claims he has the French fighter's name to a contract for a battle with Beckett, the British champion, on two months' notice. He also said that Manager Desamps had posted £1,000 forfeit and made himself liable to heavy damages if his French scrapper met Dempsey before Beckett.

A letter from Jack Kearns stated he was seriously considering the offer to fight in London. Cochrane said. He quoted Kearns as saying: "I repeat that Dempsey is willing to fight the winner of the Carpentier-Beckett fight."

**TY COBB DRIVES FOR BATTING TITLE**

Is 21 Points Ahead of Team-mate; Ruth One Home Run Off Record

Chicago, Sept. 6.—As the clubs of the American League swing into the final month of the pennant race, Ty Cobb is driving for the batting championship, which, with the exception of two seasons, has been in his possession for twelve years.

Official averages including games of Wednesday, released to-day, show the celebrated Georgian hitting .371, twenty-one points ahead of Oscar Veach, his team-mate and closest batting rival. In 194 games Cobb has whaled out 155 safe blows for a total of 210 in bases.

"Babe" Ruth is within one home run of tying the world's four-bagger record of twenty-five. In addition Ruth tops the league in total base-hitting. He has stretched 118 hits

**NEW WORLD'S RECORD FOR FOUR-YEAR-OLDS**

Indianapolis, Ind., Sept. 5.—A new world's record for four-year-old trotting geldings was established at the Indiana State Fair to-day when Rhanco, owned by Wilbur J. Myers, Springfield, Ohio, was driven by Harry Stokes to win the first heat of the 2:09 trot in 2:06 3/4. The former record of 2:07 3/4 was made by Uhlan (1:58) in 1908, and equaled at Kalamazoo this year by Echo Direct. Rhanco stepped the last half-mile in 1:01 3/4.

## ELGIN VICTORY SCOUT TO HAVE DISTRIBUTOR IN VICTORIA NOW

Chicago Corporation Selects  
Milliken and Downer as  
Representatives Here

Milliken & Downer have been selected by the Elgin Motor Car Corporation, of Chicago, as the representatives of the corporation in this district and the distributors here of the New Elgin Six, Victory Scout. A carload of these cars is now on the way to Milliken & Downer's headquarters at Vancouver and View Streets.

All Victory Scout engines are tuned up for snappy performance and put through a special road test at the factory. The engines are of a powerful six-cylinder type, valve-in-head motor.

The Elgin is a car of impressive quality and distinctive appearance, although it is strictly a medium priced car, selling for \$1,585 f.o.b. factory. The artistic design of the low, rakish bevel-edge body is emphasized by the close-fitting doors, with outside handles, slatted windshield and motor-eye in the radiator cap.

The upholstery is in genuine number one machine buffed leather. The body is given an extra enamel finish, which adds greatly to its luster and permanence. The new style top was designed especially to harmonize with the sweeping lines of the car. Beveled plate-glass lights are carried in rear and rear quarter curtains.

The rear of the car is supported by full cantilever suspension. The Victory Scout is known as the season's smartest sport car. Besides this, its most important features are its sturdy faithfulness in performance of duty and wonderful economy of fuel.

The dashing design, sparkling finish and staid construction of the Victory Scout give it a personality that is irresistible. It carries an atmosphere of individual good taste and refinement which immediately attracts attention and admiration. The very dignity of its style brings out the long, graceful lines and superior workmanship of this thoroughly high-grade but moderately priced motor car.

Built upon the standard Elgin chassis, with 118-inch wheelbase, the Victory Scout embodies the many new improvements and refinements developed by Elgin engineers during the war. The body is of low, bevel-edge design, built to accommodate four passengers, although it will seat five average-sized persons in comfort.

An outstanding feature of the Victory Scout is said to be its wonderful roadability. With perfect balance, low swung body and peppery motor, it holds to the road when going at high speed, running a true, steady course.

### HOW TO WASH CAR

The body of the car should be cleaned with castile soap and water. Mud should not be rubbed off, but rather should be washed off by flowing a gentle stream of water over the spot.

This floats the mud off without injury to the polished surface. If mud is permitted to remain on a new body until it dries hard it almost always leaves a spot, consequently removal should be immediate.

If spots of road oil get on the body they should be removed by an application of salt butter, which loosens the oil, or by local application of kerosene. Be careful not to rub them too much.

The top should not be cleaned with gasoline or similar liquids. Soap-suds and water should be used inside and out. For the upholstery a little linsed oil on a piece of cloth rubbed over it will work wonders.

## MARINES ADOPT NASH QUAD

Ernest Eve Receives Word of  
Distinction Accorded Truck  
He Represents Here

"This is to notify you that the Nash two-ton Quad has been adopted by the Marine Corps Standardization Board as the standard duty truck for expeditions—Major Utley, U. S. Marine Corps."

This message, received by Ernest Eve, of the Shell Garage, 610-View Street, Victoria, distributor of the Nash, is striking and official recognition of the unusual ability of this world famous truck to perform satisfactorily, even under abnormal conditions.

"The decision as to the standard was arrived at first by combing the files of the office of the Quartermaster, Headquarters Marine Corps, Washington, D.C., for every report available," writes Major Utley, "second, by writing to all experienced quartermasters who could be reached, and asking for their recommendations, and third, by obtaining from the Army Motor Transportation Corps, information, reports, criticisms and recommendations."

"This mass of data was referred to the Standardization Board consisting of Majors Conger, Horton and Judson. The board then made thorough tests, not only of the Nash Quad, but of various types of trucks, and submitting its recommendations to the Major General Commandant."

"Briefly, this means," said Mr. Eve to-day, "that from now on, whenever Uncle Sam finds it necessary to send the Fighting Marines, Nash Quads will go to transport supplies, bring up guns and ammunition and, in short, do all the various hauling tasks necessary."

"To those most familiar with the activities of the Marines, this means that the Nash Quad has been paid about the highest honor which could be conferred upon a motor vehicle."

Prepared for anything, "It is one thing for a truck to perform satisfactorily where roads are good and quite another for it to keep up with the Marines and do its work in any out of the way corner of the globe where the President may deem it necessary to dispatch these Soldiers of Land and Sea."

"Go everywhere—see everything" is the well known slogan of the Marine Corps, and to meet the requirements of this most active branch of the service, the Nash Quad must go everywhere and do everything.

"If you want to fight, join the Marines," has long been another Marine slogan which has contained more truth than poetry. The Marines get their first training in the field. They don't wait for nice roads to be built or other elaborate preparations either. They get on the job.

"Before reaching its decision to use nothing but Nash Quads for its future expeditions, the Marine Corps was already familiar through actual comradeship with the quality of Quad performance where roads were bad and where there were no roads at all."

"At the time of the standardization on Nash Quads, the Marine Corps owned and was operating four hundred of these powerful and sturdy trucks. Many more Quads are being rapidly added to this equipment."

"In the famous march from Monte Cristi to Santiago de los Caballeros, over country which has to be seen to be appreciated as a route for motor trucks, the Nash Quads with the column were used as tractors and hauled ammunition wagons, field guns, supplies and carried their own loads at the same time."

"This was in 1916 and these same Quads are still on duty in Santiago de los Caballeros, Dominican Republic."

## GASOLINE GRADES MAY CHANGE AGAIN

Detroit automobile manufacturers are faced with the alternative of asking gasoline producers to fix a certain limitation on the quality of automobile fuel, which means a curtailment of production and increase in price, or accept such grades of gasoline as are offered and continue the costly experiments in engine design necessary to meet the steadily decreasing quality of the fuel.

Representatives of the Detroit automobile manufacturing plants composing the Automobile Fuel Club gathered for a lengthy discussion of this problem recently. It was decided to ascertain how long the present grades of gasoline would be on the market and what changes are likely to be made in the next year or two before formulating any definite policy.

Figures submitted showed that in the last three years gasoline for motor fuel has decreased in gravity from 69.2 to 65, and the end point has increased from 300 to 455 degrees Fahrenheit. During the three years one factory alone had received seven different grades of gasoline. Reports from oil companies gave the impression that the low grade of gasoline marketed is due to the fact that less of it is being obtained from crude oil and consequently more blending with kerosene is necessary.

## BRINGS NEW TIRE PUMP WONDER TO VICTORIA

George Lillie Tells of New  
Mechanical Attachment to  
Inflate Tires

A new type of automatic tire pump, simple, light, efficient, quick and not costly is being introduced into Victoria by Lillie & Woods, motor accessory experts, 1316 Douglas Street. It is known as the Detroit, gearless, crank-shaft pump.

The pump is driven by the engine of the car, but is not permanently attached. It therefore does not complicate the engine mechanism. The pump is carried in the tool box of the car until needed, when it is taken out and attached to the crank-shaft in front of the radiator.

"The Detroit crank-shaft tire pump, which is not a rubber diaphragm device, is driven from the front end of the motor crank-shaft," said George Lillie in explaining the article. "It is attached in exactly the same way that you would attach the hand-crank if needed."

"It is locked in position and held from turning by a clamp or screw and is connected to the end of the motor crank-shaft by a short ball-joint shaft or coupling which drives it."

"When you start the motor each downward stroke of the piston draws in clean, cool air and each upward stroke forces it through the tube to the tire."

"The only attention ever needed is a spoonful or so of hard graphite grease in the crank-case, about once a season."

"The crank-shaft pump is better for your car and yourself than any tire-pump gear-driven from water-pump or magnet shaft. These parts were never intended to carry the heavy load imposed by an air-pump under high pressure, and breakage means a disabled motor."

"All good automobile engineers recognize this danger. That's why so many endorse the crank-shaft pump. It can't possibly disable a motor."

"Gear-pumps mean work and expense for installation. They accumulate grease and dirt and soon develop valve trouble. Their brackets, shift levers, gears, etc., spoil the appearance of your motor and are in the way of other parts."

"The crank-shaft pump can be tucked away anywhere; it's easy to use, quick in action and is absolutely safe."

"There's no argument about the hand-pump. Anything that eliminates it saves you from the hardest job in motoring."

"But a good power-pump not only saves hard work. It saves a lot of money—many times its cost—in tires. We all have a habit, but when we see they're getting soft, of putting off the job till we find a 'free-air' station."

"This means in a season a good deal of travel at pressure far under your tire guarantee. It cuts off from twenty to forty per cent. of your mileage. You actually lose that much wear—and tires are money."

"The best tire insurance is proper inflation."

"We couldn't guarantee the Detroit pump for life against manufacturing defects, unless we put our best into it. It's made as carefully as a little motor. Cylinders, pistons and crank-shafts are ground to close limits and the finest possible finish. Regular motor type high compression piston rings are used and standard motor type valves and remember, above all, that there are no rubber diaphragms to burst."

## SUCCESS OF START IS ENVY OF MANY

Modern Plant and Quick Work  
Is Drawing Attention to  
New Fort Street Firm

The success that has attended the inauguration of an up-to-date motor car repair plant at 1052 Fort Street, by S. G. Blanchard and T. Steele, is the envy of the motor trade in Victoria just now.

During this week, the first for the plant to be under full operation, the machinists have been forced to work overtime to make sure that the cars of customers would be turned out when promised. The firm is anxious to turn out cars with the work properly done at the time the car is promised to be returned. Last night both heads of the firm and their staff were kept at their work until 11:45 o'clock to make sure that jobs that had been entrusted to them would be completed for the week-end.

Mr. Blanchard has quite a reputation as an automobile expert in Victoria. For some time he has been with Master's garage, which he recently bought out and which with Mr. Steele he has now taken over.

Mr. Steele was formerly Western representative for Morley's Diesel oil engine and is considered an authority on the internal combustion engine.

These two men have installed the most up-to-date automobile machine shop in the city, with their own lathes, forges and grinders. All machine work that is entrusted to them is carried out completely at their own shop.

## Truck-Route Advantages

1. Fruit, vegetables, milk and eggs go direct from the farm to the market of the consumer fresh and desirable and command the highest prices.

2. The number of handlings is reduced from half a dozen or more to only two.

3. Breakage of crates, damage to goods through rough handling in railroad transportation are reduced to almost nothing.

4. Trucks stop at the farmer's gate to pick up freight, saving the farmer a drive to the railroad station.

5. Seeds, farm implements, repair parts for machinery, groceries and anything else required on the farm can be brought from the city the day they are ordered by telephone or through the truck driver.

Why not start a motor-route of your own? Make money for yourself and serve your community.

Every available means is being used to combat the high cost of living. Here is a practicable one! The

## RENNIE SALVOR RESPONDS TO S. O. S. FROM STRANDED MEN

Car Had Smashed Rear Axle  
and Lost Wheel Far Out  
in Saanich

Some speedy repair work was done the other night that has created much interest in local automobile circles.

Just before dark a motorist telephoned to James Rennie at the Rennie Service Station, 1717 Cook Street, and told him that he was in sore distress quite a distance out on the Saanich Road. While he was spinning along his rear axle broke and one of the rear wheels came off. He had his party with him, they could not be left out in the country all night, but he had only three wheels on which to get home.

Mr. Rennie and his staff, with the speed of a fire department crew to the rescue, got out their salvage car, the Salvor, and sped out to the scene of the accident.

The motor experts found the party in a terrible plight. They knew they could not get home in their machine that night, that it would have to be towed into the city, that it would cost a lot of money to be repaired, that the work would take a long time, that possibly there would be a long wait for parts to come from the factory, and several other pessimistic "thats," such as occur, only to persons in a predicament.

The Rennie experts, however, paid no heed to the "thats." They set to work—it was dark then—and without as much as a light pulled out the rear end, put in the needed new part which they took out with them on the Salvor, attached the wheel and then started putting on and tightening the bolts and nuts.

The owner of the car and his party who were standing by trying to learn as much of the operations as they could in the dark, were quite nervous lest parts should be misplaced.

"The owner thought it a little funny the way our staff was working," said Mr. Rennie in telling of his experiences. "But there was not the slightest doubt about what we were doing. Our staff knew where every bolt and screw went just as well as the owner of the car knew how to sit down to his meals. The result was that the disabled car, within one hour and one-half, was in perfect running order again, and the owner drove off with his party." Mr. Rennie says that the Rennie service is equipped to go out and fix up a disabled car no matter where it is or what the make.

"And there's nothing about a Ford that we can't fix at any time," he added.

**COLE NOW HAS  
CLEAR VISION  
WIND SHIELD**

Innovation Means View of  
Driver Is Never  
Obstructed

Dozens of near miracles wrought by the far sighted pioneers of the motor car industry during the short period of its existence have made its history the most romantic of any industry and give possibly the best evidence supporting the trite adage that truth is stranger than fiction. Having brought the open touring sport models up to a point approaching perfection these restless souls have directed their attention during the past few seasons to improvement of all-season models.

Keeping pace with the popularity of winter driving, which has been increasing with amazing strides recently, the Cole Motor Car Company, represented in Victoria by Thomas Plimley has brought forth many necessary improvements on the all-season car. Therefore, the news that Cole is responsible for another enclosed car convenience is nothing more than motordom has come to expect periodically.

However, the announcement of a windshield, which in a driving gale will keep all rain and snow out of the interior of the car, and at the same time yield the driver a clear view of the road through a section unobstructed even by any portion of the glass, cannot be made without creating an unusual ripple on the busy surface of motordom.

Although, to the experienced motorist, it may seem almost impossible that such a windshield can be built, all of this has been accomplished. The Cole storm-proof, clear vision windshield consists of two distinct sections forming a "V" at the roof of the car and a separation of about ten inches at the cowl. The outer section is composed of two panes of glass, and the inner of one.

When adjusted for a storm the lower pane of the outer section is turned out until its upper edge is on a level with the upper edge of the inner section and the top pane is adjusted out until an open space of about two inches is left between the bottom edge of it and the upper edge of the lower section.

When the car is in motion a vacuum is created between the two sections of the shield and a current of air is drawn from within the car instead of into it. Snow and rain are thus forced out in a steady stream at either side between the two sections of the windshield, while the open space of two inches on a level with the driver's eyes is kept free of snow or rain by the suction created.

The storm-proof, clear vision windshield is one of the many exclusive Cole features which lead new comfort to driving in all seasons.

Two small wooden blocks about the size of bricks serve very well as a base for a jack, when it is necessary to use it on a muddy road. In this connection it may be jacked up on a grade, even the slope of a high-crowned road, as the car is likely to fall off the support with perhaps unfortunate consequences.

## TELLS OF SAVING HALF TIRE COST

A. McGavin Tells of Greater  
Mileage and Security Fea-  
tures of Gates Half-soles

"What advantages are there in using Gates Half-Sole Tires," asked a prospective customer the other day of A. McGavin at his Gates Half-Sole Institute, 1009-1011 Blanshard Street.

"Mr. McGavin did not have to hesitate over making a reply. "With the Gates Half-Sole Tires you will get from 5,000 to 15,000 more miles than you've ever had before," he shot back. "You have the security of guaranteed puncture proof service, which no other tire will give. You gain the advantage of a 20 per cent. oversize tire with its 50 per cent. greater riding comfort. The appearance of your car is improved. "And with all this you save half the cost."

"The Gates Half-Sole Tires are used by 500,000 motorists, including the largest business houses in the country, to which their long mileage and puncture proof service are important factors in business efficiency."

On bridge, embankments and narrow roads take a slow pace, keeping the car under instant control.

## LOCAL AGENCY SHOWS GREAT INCREASE

Dunlop House Under H. H.  
Lewis Experiences Great  
Business Extension

An increase of 100 per cent. then 25 per cent. and then a little more than that on top, over the business of August, 1918, compared with last month, is what has been achieved by the Victoria service house of the Dunlop Tire Company, 211 View Street, under the management of H. H. Lewis.

Mr. Lewis does not admit that his ability has had anything in particular to do with this phenomenal increase in business.

"The whole thing has been due to the unprecedented popularity of the reliable Dunlop tires," said Mr. Lewis. "Motorists in these days of high prices are coming to realize that it always pays best to buy a reliable tire and especially one that has had the long history of achievement and the reputation that the Dunlop has."

"The one especially big feature in connection with our business recently has been the big run on Dunlop cords. The demand for cords is far greater than we can supply. In our efforts to meet this demand and satisfy our customers we are having these tires brought out to us from the factory in Toronto by express. The demand is equally great for both the traction tread and the rib tread cords."

Mr. Lewis has just returned from a trip up the Island, during which he visited the various Dunlop selling agencies. The demand for Dunlops up the Island is just as keen as it is in the city.

The brake mechanism seldom gets the lubrication it deserves. Oil is required on the pins supporting the brake shoes and upon the bearing points of the cams or toggle mechanism which actuates the brakes. These parts usually depend for lubrication on the hand oil can. Beginning at the operating lever, every joint in the brake rod needs occasional oiling, as do the bearings of the compensating shaft.

**Value Delivered—  
in Mileage**

A tire is worth—

—not what you pay for it.

—but what you get out of it.

A truth as old as business, yet overlooked by motorists every day.

The true cost of a tire is the price divided by the miles it serves you.

On that basis thousands of motorists have bought Goodyear Cord Tires.

And have continued to buy them.

If you, too, will buy tires on this basis, you will come to Goodyear Cords.

Check up on tire mileage with your friends who use Goodyear Cord Tires.

Ask the Goodyear Service Station Dealer about Goodyear Cord mileages.

You will have the answer to the tire question.

Find out, also, about the Goodyear Heavy Tourist Tube, a better, thicker tube which gives much extra service for a small extra price.

## BRAKES ARE MORE IMPORTANT EVEN THAN GOOD ENGINE

Lines of Passengers and  
Safety of Car Depend on  
Them Continually

SHOULD BE REGULARLY  
CARED FOR AND TESTED

While a good engine under the  
hood is a necessity if you are to get  
anywhere within a reasonable time,  
good brakes are much more neces-  
sary, for without them you may get  
there too fast, and in a way that is  
fatal to enjoyment, if not life and  
limb. Yet there is no part of the  
car which receives less attention  
from the average owner. The city  
driver, particularly, uses the brakes  
constantly; but almost any garage  
or repair man will tell you that few  
owners ever inspect the brake levers,  
linkage, linings and other assem-  
blage to know whether they are in  
condition or about to wear through  
and make trouble.

Now the brakes on a new car are  
good enough for all general use, if  
not abused, and if given a modicum  
of care. First of all the owner should  
learn that there are two sets of  
brakes on his car and what each set  
is for. They work independently,  
and either should be able to hold the  
car to stop it or slide the wheels—  
on almost any grade. The driver  
should see that they are adjusted to  
do this and not forget that he has  
the two sets.

### Brake With Engine.

Not long ago the owner of a new  
Ford burned out the lining of the  
foot brake on a long hill and went  
to smash in the ditch because he  
forgot to use the hand or emergency  
brake. He should have used the two  
respond. In adjusting the hand set  
alternately on this hill and prevented  
the burned lining. Indeed he might  
have pushed the low speed lever,  
with ignition cut off, and held the  
car by engine compression, while the  
reverse pedal would make a real  
brake on this car. This is a lesson  
to be learned on any car on a long,  
steep hill. Cut off the ignition and  
close the throttle, with the lever in  
low speed gear position, and as the  
pistons travel up in the cylinders  
on compression stroke they will give  
continuous braking effect. Just be-  
fore reaching the foot of the hill  
the throttle should be opened and  
ignition turned on and the engine  
will start running.

But the most important thing to  
learn is to alternately use the two  
sets on a hill. The hand brake is not  
designed to supplement the foot  
brake on level roads or in city traffic  
stops. The foot brake should be kept

in condition to stop the car suffi-  
ciently quick to satisfy the most ex-  
acting traffic cop and one's own ideas  
of safety. It is easily adjusted to do  
this. Both sets should be adjusted  
alike. There are two places for ad-  
justment, one at each brake and one  
on the brake linkage, usually on  
each side, but occasionally on the  
single rod connected to the pedal.

### How To Adjust.

To adjust, jack up the rear wheels  
and have some one press the foot  
pedal firmly. Tighten the adjustment  
until it is just possible to turn the  
wheel by hand with the pedal pushed  
down. Then adjust the other to cor-  
respond only have to lock the hand lever  
before beginning, as with the foot  
brake set, to make both sides of the  
brake take hold equally.

One of the great causes of brake  
failure is that oil gets on the brake  
lining and destroys the gripping ef-  
fect. This may be from more than  
one cause. In some cars there is a  
tendency for oil to leak from the  
rear axle housing through the differ-  
ential case to the wheel bearing and  
thence to the brake drum. Often this  
results from too much oil in the dif-  
ferential, but sometimes it is notice-  
able on the right hand brake, which  
runs on a lower level than the other  
every time the car turns off the  
crown of the road; while if the car is  
left standing at the side of the road  
it usually rests with the right side  
much lower than the left. This  
trouble may be remedied by having  
a felt washer put inside the axle  
housing.

### Oil Connections.

Now the oil which is not desired  
on the linings is very much to be  
desired on the bearings of the braking  
systems, and they are many. One  
will realize the necessity of this by  
considering the number of times the  
brake is used on a trip, particularly  
in city traffic. Look up in the car  
instruction book the number of places  
indicated on the brake linkage as  
needing oil or grease. Then find the  
places on your car and see whether  
they have had proper attention.  
Every place where there should be  
lubrication there is wear. Insect  
for excessive wear and impending  
wear through. It is assumed that  
you want brakes and not breaks.

Another source of trouble is in  
wear of the linings. They are not  
everlasting. They wear so that there  
is little braking effect and so that  
the rivets make contact with and  
score the drums. The linings should  
be replaced before this occurs. Un-  
less you are a mechanic do not try  
to replace the linings. Have it done  
by one who knows how.

It should be apparent to the most  
careless owner that upon the con-  
dition of the brakes depends not only  
his own safety but the safety of  
those in his care. A few minutes a  
week will insure their condition, and  
this is about the cheapest accident  
insurance there is.

### OVERSIZE CASINGS TIP.

When oversize tires are to be used  
the car owner should be certain that  
there is enough clearance between all  
the tires and the nearest parts of the  
car. When the tires are under a  
heavy load there is danger that there  
will not be clearance between wheels  
and fenders and the casing. Be cer-  
tain that when the springs are com-  
pressed to the limit by some extra  
bump that the tires will not come in  
contact with some part of the chassis.

## INSTALL COMPLETE SPRING PLANT HERE

Machines Will Turn Out Any  
Make, Size or Part Needed—  
on Short Notice

The recent large increase in the  
number of motor trucks and auto-  
mobiles generally, in and around  
Victoria has resulted in McDonald  
& Nicol installing a complete spring  
plant at their service station, 717-  
723 Fisgard Street.

This plant will turn out right here  
in Victoria a complete range of any  
type or any part of a spring of any  
type. This means that motorists and  
truck owners immediately they  
misfortune will be able to have their  
springs replaced or repaired in Vic-  
toria without the delay of sending  
away for parts.

The spring plant which has just  
been set up this week consists of a  
furnace, an oil tempering bath and  
a roll. An expert spring maker is  
being placed in charge of the plant.  
Next week the plant will be in  
full operation.

## USED CARS SELL FAST IN VICTORIA

Lack of New Cars Stimulates  
Demand For Guaranteed  
"Good-as-New" Ones

With practically every automobile  
company in Victoria sold out of  
new cars and shipments curtailed  
by the lack of sufficient production  
by the factories, business in used  
car selling in Victoria has develop-  
ed to enormous proportions, accord-  
ing to Guss Masters, at his used car  
headquarters at View and Vancouver  
Streets.

"We who are dealing in used cars  
find that we are almost as badly up  
against it as the agents for new cars  
who cannot get supplies from the  
factory," said Mr. Masters to-  
day. "I get in a good car one day  
and the next day off it goes, and  
then I have to scout around to get  
another. I was fortunate in getting  
in several a few days ago. Yesterday  
I sold three of them. People come  
around here like a bunch of flies  
and snap up everything in the  
guaranteed used car line that we  
handle."

"From the way things are going it  
will be only a very short time before  
everything in the used car line will  
be snapped up and the available sup-  
ply depleted."

"Because a car is offered on the  
used car basis is not an indication  
that it is in poor condition. Many  
persons prefer a used machine

because the newness has been worn  
off the engine and the parts all  
have been worn to proper adjust-  
ment.

"Many men who were unable to  
purchase cars they wanted because  
of delayed delivery, are interested  
in other makes and models not quite  
suited for their purposes, but still  
sufficiently well adapted to be of  
value to the owner. Later, when de-  
livery on the chosen machine is pos-  
sible, the car owners place many of  
the second choices on the market  
and persons who are looking for a  
discarded type get them at a bargain.  
"The used car market in Victoria  
has developed wonderfully within the  
last year and buyers have learned  
that real values can be obtained  
from purchases in this field. With  
the shortage of new cars the used  
machine is becoming more and more  
a factor on the market."

## DOCTORS PROTECT FINISH OF CARS

Find It Advantageous to Have  
Machines Keep Their Fresh,  
New Appearance

Nearly all purchasers of new cars  
of any standing this year have had  
them Simonized immediately they  
took over the cars and before they  
had a chance to get the least bit  
soiled, according to W. H. Hughes,  
manager of the Island Simonizing  
Station, 832-836 Yates Street.

"People are beginning to realize  
the value of keeping their new cars  
in perfect condition, and are begin-  
ning to show a real pride in the new,  
bright, clean paint," said Mr. Hughes.  
"If a car is properly treated when it  
is brand new, the first surface lus-  
tre will be preserved, as dirt and  
grime and wet are kept from attack-  
ing the polish. As soon as the dirt  
and wet are brushed off the high  
polish is found to stand out. One  
treatment lasts a month."

"Because they realize the impor-  
tance of having their cars always  
look the best, practically all the doc-  
tors in this city who have recently  
bought new cars have immediately  
placed their delivery contract with  
us to keep them Simonized. We do the  
work on the cars some time during  
the day when the doctors don't need  
their machines and then deliver the  
cars back at their offices for them.  
Besides the cars of the doctors, prac-  
tically every 1919 car of any class at  
all put out in Victoria has been Si-  
monized."

Mr. Hughes told of a car that was  
recently Simonized at the Victoria  
shop and then started out on a tour  
of the Georgian Circuit. The car had  
been in the shop for a week and  
around the circuit and did not re-  
ceive any attention in the way of  
cleaning or polishing during the  
whole trip. When the car returned  
to Victoria it looked "all in." The  
owner got a rag and brush and  
started in at what he thought would  
be a big job. He found to his sur-  
prise that the dirt and grime came  
off quite easily, leaving a perfect

high finish on the enamel. The Si-  
monizing treatment had also pro-  
tected the finish from scratches the  
car had received from overhanging  
bushes along the roadside.

## PLIMLEY'S ADD ABOUT TEN THOUSAND FEET

Big Garage Supplements  
Floor Space to Meet  
Business Demands

Thomas Plimley is again enlarg-  
ing his garage, which occupies the  
Plimley building on Broad Street,  
at the end of Broad Street, which  
covers one-third of a city block.

"At the present time a gang of work-  
men is completing the work of lay-  
ing 10,000 square feet of cement  
flooring on the main floor of the  
building. The work will be completed  
in a few days and that part of the  
building thrown open for the ac-  
commodation of cars in less than a  
week. This enlargement of the floor  
space of the large garage has been  
necessitated by the recent enormous  
increase in the automobile business  
in Victoria.

At the same time, Mr. Plimley is in-  
stalling another large gasoline dis-  
tributing pump, to meet the demands  
of the stream of cars that are con-  
tinually lining up at the Plimley  
garage for their gasoline supply.

Each of the tanks connected with  
the two pumps holds 750 gallons of  
gasoline, thus making the supply at  
this garage 1,500 gallons which Mr.  
Plimley hopes will be enough to meet  
the big week end demands which are  
continually exhausting the tank  
capacities of the garages of the city.

## WET WEATHER COMING, GUARD YOUR TIRES

Rubber Experts Say Water  
Can Do No Harm If  
Casing Is Whole

Wet weather is coming soon with  
all its terrors for automobile tires,  
that happen to have small cuts in  
them that permits water to enter into  
the fabric. This is the warning sent  
out to the motorists of Victoria by  
G. Fisher and Allen Lynn, of the Cen-  
tral Vulcanizing Station, Douglas  
and Broughton Streets, near the  
Strathcona Hotel.

Persons whose tires have been  
nicked or have had bits of rubber  
gouged out of them should take ad-  
vantage of the short time now be-  
fore the advent of the rains to have  
their tires put into waterproof con-  
dition, according to the advice of  
the tire experts. If the casing has  
no horrors for the perfect tire, they

On all your trips in case of emergency carry  
Partridge Tires.  
Partridge Tires never leave you stuck on the  
road—they are dependable and finish those long trips  
that other tires fail to make.

Made by The Partridge Rubber Company Limited, London, England

THOMAS PLIMLEY, Victoria, B.C. Distributors.

## DUNLOP SOLID TIRE SERVICE STATION SOLID TIRES for TRUCKS

We will be ready by September 10th to take off  
your old tires and put on new ones. Come and see  
how we do it with our new machinery.

## VICTORIA AUTO SPRING WORKS

721-23 Fisgard St. McDonald and Nicol, Proprietors. Phone 38

It does not cost much to have  
the holes and nicks vulcanized, but  
a little foresight in this regard will  
save in many cases the price of a new  
tire.  
"A pneumatic tire is made up of  
two materials, cotton fabric, in which  
lies the entire strength, and rubber,  
which serves only to hold materials  
which would tend to destroy it," says  
Mr. Fisher. "The rubber compound  
used in making a tire consists of a  
gummy substance obtained from the  
milky juice of certain tropical trees,  
mixed with sulphur and other chem-  
icals to give it strength. When heat-  
ed it changes from a sticky mass, re-  
sembling chewing gum, to the elastic  
substance we see in a complete tire."

In some makes of cars the head-  
lamps are fastened to the fenders,  
and if the latter are loose the vibra-  
tion is increased, and it may be  
necessary to replace lamp bulbs more  
often.

## THE CORPORATION OF THE DISTRICT OF OAK BAY

## TAX SALE

Monday, September 8th, 1919  
At 10 o'clock a.m.  
At the Municipal Hall, Oak Bay Avenue

All properties upon which the 1917 taxes are unpaid will be included in  
the above sale.

O. W. ROSS,  
Collector of Taxes.

## LIGHTING SCHEME BEFORE COUNCIL

Saanich Authorities Have Two  
Plans; Various Matters  
Before Members

Two alternative proposals for light-  
ing the district were before the Saanich  
Council last evening from the  
B. C. Electric-Railway Company. One  
proposed an installation at a cost of  
\$28,000, the other a more limited area  
at a cost of \$15,000.

As the scheme progresses, other  
districts not included in the original  
proposal desire to be included in the  
lighting area. Council, however, de-  
ferred consideration of the reports  
until the next meeting.

The disputed jurisdiction over the  
Gorge bridge came up. It has been  
brought to the front by Monday's ac-  
cident on the Craigflower bridge. It  
is argued that Saanich and Esquimalt  
should divide the responsibility, but  
in view of the dispute it was decided  
to ask the solicitor to take the mat-  
ter up with the Minister of Public  
Works.

The Library question again came  
before the Council, in a request from  
Women's Institutes in the municipali-  
ty for arrangements to be made with  
the City Library Commissioners for  
Saanich residents to make a payment  
for the use of books. The writers will  
be informed that the Council has al-  
ready made certain suggestions to the  
Commissioners.

Three subdivision plans were ap-  
proved, and one plan authorized to  
be cancelled under the Plans Cancel-  
lation Act.

Some improvements in the Colquits  
Creek were ordered by the Council.

The Council decided to order the  
meters for the waterworks, which  
formed the subject of a report by the  
City Water Commissioner to the City  
Council recently.

Three additional loans for soldiers  
were authorized, and other applica-  
tion laid on the table for further con-  
sideration.

Repurchase of school and local im-

## CHOLERA INFANTUM

Cholera infantum is one of the  
fatal ailments of childhood. It is a  
trouble that comes on suddenly,  
especially during the summer months  
and unless prompt action is taken  
little one may soon be beyond aid.  
Baby's Own Tablets are an ideal  
medicine in warding off this trouble.  
They regulate the bowels and sweet-  
en the stomach and thus prevent all  
the dreaded summer complaints.  
They are an absolutely safe medi-  
cine being guaranteed by a govern-  
ment analyst to contain no opiates  
or narcotics or other harmful drugs.  
They cannot possibly do harm—they  
always do good. The Tablets are  
sold by medicine dealers or by mail  
at 25 cents a box from The Dr. Wil-  
liams' Medicine Co., Brockville, Ont.

## POLICE CHIEF FOLLOWS CAR AT 40 MILES AN HOUR

Chief Dryden, of the Saanich police,  
testified in the Saanich Police Court  
to-day that in his own car he fol-  
lowed a city delivery car No. 576 up  
the Gorge Road last Tuesday and  
his speedometer showed that the  
delivery car was making between 35  
and 40 miles an hour most of the  
way up.

"It was only the driving fast but  
dangerous," said Prosecutor Tait.  
"The driver showed no regard at all  
for others on the road."

The delivery car was registered  
under the name of O. Copas. A rep-  
resentative appeared in court and  
explained that the driver was late in  
making his deliveries and admitted  
that as he had a clear road ahead  
he "opened her up."

"All our drivers have instructions  
not to exceed the speed limit," he  
explained. "I had doubts whether  
some of these old cars would go that  
fast."

On the plea of Mr. Tait that the  
driving was dangerous as well as fast,  
Magistrate Jay imposed a fine of \$20.

## MISBEHAVED IN PARK

Lee Jee was sentenced to four  
months hard labor by Magistrate Jay  
in the Police Court to-day for indec-  
ent exposure before a young girl in  
Central Park yesterday and beckon-  
ing to her.

"Children who frequent the parks  
must be protected from this sort of  
thing," said Magistrate Jay.

## VALUABLE BULLETIN OUT.

In canned goods there are two  
kinds of spoilage. The first is called  
"flat sour," which includes all forms  
of bacterial growth that develop  
within the food. The second type of  
spoilage is to guard against is mould,  
a plant growth that is distinctly  
different from the bacterial growth.  
Moulded foods are seldom more than  
surface affected because air is neces-  
sary for its growth, but the "flat  
sour" spoilage means that the entire  
can must be discarded. Bulletin No.  
34 of the Dominion Experimental  
Farm, "Preservation of Fruits and  
Vegetables for Home Use," which  
may be had on application to the  
Publications Branch, Department of  
Agriculture, Ottawa, gives full infor-  
mation on the various methods of  
canning, including old and valuable  
recipes as well as new ones which  
have been found valuable. Canning  
has become the most popular means  
of preserving large quantities of  
fruit and vegetables, and since these  
are plentiful during the summer  
months and at other times difficult  
to obtain it is important to preserve  
quantities during the growing sea-  
son for use in winter. Moreover the  
use of an abundance of fruit and  
green vegetables is essential to  
health at all seasons of the year.

After being used for fish, frying-  
pans should be secured out with salt  
and hot water. This removes the  
fishy smell better than soda water

**Are You Building Muscle or Fat?**

If you are eating purely starch foods, you are building fat; if rich in gluten foods—you are building muscle. Potatoes are largely starch—white bread, rich in gluten and phosphates, is twice as nourishing and body-building. Bread, in many European countries, is eaten almost exclusively. Begin eating more bread today.

AND, for that real "homey" flavor, for the most nourishing, richest in gluten flour to be had, for the best possible results in baking, why not use laboratory, "oven-tested" ROYAL STANDARD FLOUR? Your grocer has it.

**Vancouver Milling & Grain Co. Limited**

Branches—Victoria, Nanaimo, New Westminster, Mission City. Agencies—Duncan, Courtenay, Langley, Prairie, Cloverdale, Ladner.

**BEST FAMILY PATENT ROYAL STANDARD FLOUR 49 LBS.**

**A British Columbia Product**

Testing The Mellowness of the Soap

## The Washing Done and Your Hands Unharmed

WHAT a sense of satisfaction it is to any woman to be able to do her washing in the forenoon and yet retain the natural smoothness of her hands so that she may serve tea in the afternoon without embarrassment. No redness—no puckering of the skin—not when you use WHITE SWAN WASHING POWDER.

### "Saves Your Hands"

First of all, White Swan Washing Powder saves rubbing; saves soap, and saves the clothes. Not like ordinary washing powder; it contains a substance that prevents the usual "skin bite" and keeps it mild. Every batch of WHITE SWAN WASHING POWDER being tested for its mellowness. Its freedom from "bite" being proved by the paleness of a Roman (pink) it turns when tested. If you have delicate hands, order it from your grocer.

PHENOLPHTHALEIN TEST  
In Making WHITE SWAN  
WASHING POWDER

Use Only Quantity Directed.  
For economy and proper results, use only the amount of washing powder given on the wrapper.

W. J. Pendray & Sons, Ltd.,  
Victoria, B.C.

Smooth Hands.  
The result of using  
WHITE SWAN Washing Powder

## PREPARE FOR NEW SEASON'S PROGRAMME

Anglican Sunday School Association Planning Winter Work

The supreme value to the nation and community to-day of every boy and girl in this period of the world's after-the-war problems of reconstruction is a compelling incentive to the increased activity, efficiency and usefulness of that recognized church-actor-building agency—the Church Sunday School. The practical accomplishment of plans now in operation in the city will ensure that Victoria will not be behind others in the Dominion in responding to the call of the Church for a forward movement this year.

**Anglican Institute Opened.**  
A well attended meeting of Sunday School officers and teachers representing the Anglican schools of the city was held last night in Christ Church Cathedral schoolroom, to prepare for the new season's work and the resumption of the regular Sunday afternoon classes from tomorrow.

**Boys' and Girls' Conferences.**  
Special gatherings for older boys and girls were announced, and also the recent recommendation of the Diocesan Sunday School Association to co-operate in the proposed conferences to take place in Victoria from Friday, October 2, to Sunday, October 5.

**Institute Courses.**  
The first classes and series of lectures arranged by the Institute were held last night, the Rev. H. T. Archibald conducting the senior course in New Testament studies. Very Rev. C. S. Quainton lectured on the Old Testament series in connection with the series followed by the junior department classes, and Miss A. B. Cooke led the primary workers.

These lectures will be delivered every Friday evening in the Cathedral schoolroom at eight o'clock, and are free and open to any interested in Bible study, the religious training of the young and the Sunday School work of the Church. The topics discussed will be the same as those presented each Sunday by teachers in all Anglican schools in the district. Special courses leading to the diploma issued by the General Assembly of Religious Education will begin next month, the lecturers and subjects to be announced later.

At the conclusion of the business at last night's meeting, a period of social intercourse was enjoyed by all present, and refreshments were served by a committee of ladies from the Cathedral under the supervision of Mrs. Miles and Mrs. Yates.

## MOVING PICTURES HELPED METHODISM

Celebration at Columbus Convicted of Aid in Church Work

Moving pictures served a double purpose at the celebration, furnishing amusement and entertainment and also demonstrating the possibilities of use in connection with the churches, says an article in the Centenary Bulletin, the official organ of the recent celebration of the Methodist churches of the United States in Columbus, Ohio. The article continues:

With the help of the National Association of Motion Picture Producers an almost continuous programme of pictures was in operation during the three weeks with the most gratifying results.

The members of the association were invited to make available their best and newest films of all types. Virtually every company approached gave fully from its stock of pictures. In many instances pictures have been taken from regular bookings and put at the disposal of the exposition.

The D. W. Griffith Company released for special use at the exhibition its picture, "Boots," which had never yet been released for the trade.

**Notable Films.**  
Among the notable feature films that have been given are the following: "Under Four Flags," "My Four Years in Germany," "The Fighting of the Third Floor Back," "God and the Man," "Nearer, My God, to Thee," "Hill-Trail Holiday," "The Blue Bird," "The Sign of the Cross," "From the Manger to the Cross," and "The Fighting Roosevelts."

The success of the stereopticon pictures on the big screen led to some special experiments with motion picture projection, which proved so successful with a fifty-four-foot picture that the Simplex Company kept increasing the size of the picture until one ninety-eight feet across was successfully projected.

**May Break Deadlock.**  
It is hoped that the use of the motion pictures at the celebration will prove a definite step toward the breaking of the deadlock which exists between the churches on the one hand and the motion picture producers on the other. The general tendency has been for pastors to say that it was no use for them to install motion picture equipment because suitable films were not available. Motion picture producers have been in the habit of saying that the church field was not worthy of their consideration because not enough churches were equipped with motion picture machinery.

The demonstration has made it clear that there are films which churches can use for wholesome recreation, for clean amusement and for religious instruction, and there is no doubt that the motion picture producers have been impressed with the large possibilities of the church field.

**Special Music To-Morrow.**—At the Sunday morning service of the First Presbyterian Church to-morrow, the choir will render a special anthem and W. G. Quirk will be the soloist. At the evening service the choir will sing an anthem, and a selection will be given by a male quartette comprising, Messrs. Thomas, Hills, Hollins and Blackway.

## SOCIAL IN HONOR OF PASTOR AND BRIDE

Rev. S. Cook, of Fairfield Methodist Church, is Honored

In honor of the Rev. S. Cook, pastor of the Fairfield Methodist Church, and Mrs. Cook, who recently returned from their honeymoon, the members of the congregation held a reception in the church on Wednesday evening. For the occasion the edifice was beautifully decorated with flowers in a pink and white color scheme by the young people of the congregation.

The event attracted a large crowd of parishioners and friends, and to enable the strangers to get acquainted, a novel guessing game was conducted. Each participant wore a badge indicative of his or her particular hobby, the person guessing the greatest number being adjudged the winner. Another competition which created much amusement and served to "break the ice" was that in which the company was asked to guess the name of compositions of which the first few bars were played upon the piano. An informal musical programme was a pleasing feature.

During the evening a presentation was made to the Rev. S. Cook of a handsome mahogany book-rack from the congregation and to Mrs. Cook a charming piece of a "hugger-bugger" signifying happiness. Delicious refreshments were later served. When Mr. and Mrs. Cook took their seats at the head of the supper table, the signal was given for the release of an Oriental lantern suspended from the ceiling, from which a shower of confetti fell over the bride and bridegroom.

The singing of the National Anthem brought to a close what was generally voted to be one of the most successful social functions in the history of the church.

## CARDINAL MERCIER TO VISIT CANADA

Canadians to Hear Belgium's Story From Heroic Primate

Cardinal Mercier, the venerable and heroic primate of Belgium, whose famous pastoral condemnation of the Germans was the most stirring and heroic incidents of the war, is to visit Canada during the coming fall. His visit is to be in the nature of a lecture tour, and to enable him to get in touch with adherents of the Roman Catholic Church in Canada. His full itinerary is not yet available but it is stated that he will visit Vancouver and is later on to visit the United States.

It will be remembered that at the time of the German entry into Belgium, Cardinal Mercier was, and is now, Archbishop of Malines. The horrors perpetrated by the enemy forces so shocked His Eminence that, on January 3, 1915, he issued his famous pastoral, denouncing the violators of "my murdered country and appealing to the world for help for his stricken compatriots. Perhaps no cry from stricken Belgium during the whole of the war stirred the world more than this appeal from the venerable primate, and it is certain that it served to arouse anew the determination of the Allies to continue the fight until the foe was vanquished. He was practically detained a prisoner in his palace thereafter by the Germans, in spite of remonstrances from all powers.

## COMING TO COAST.

Rev. A. C. Dixon, D.D., who has just completed seven and a half years in charge of the great "Spurgeon's Tabernacle" in London, will shortly visit Vancouver for a Bible Conference from September 14 to 17. With Dr. Dixon there will be a party of several noted ministers, some with world wide reputations. Dr. W. B. Riley the founder of a large Bible Training School at Minneapolis, Dr. J. C. Massie, one of the most distinguished preachers on the continent, Dr. W. L. Pettigill, the Dean of the Philadelphia School of the Bible of which Dr. C. I. Schofield is President, and others. The committee in charge of the Vancouver Conference were unable to arrange for these men to visit Victoria, but they extend a hearty invitation to the Vancouver Conference.

**Unitarian Church.**—At the morning service at the First Unitarian Church to-morrow, W. W. Baer will give an address.

"Yes," said Mr. Brown, "my wife and I are thinking of chartering a yacht for the summer."

"But won't that be pretty expensive?" asked Mr. Hughes.

"Not so long as we confine ourselves to thinking about it," replied Mr. Brown.

**Used for 70 Years.**  
The soft, refined, pearly white appearance it renders leaves the joy of Beauty with you for many years.

**Gouraud's Oriental Cream**  
LORD HOPKINS & SON, MANUFACTURERS

## To-morrow's Services in... The City Churches

**To Develop Brotherhood.**—A provision-committee has been appointed to make arrangements for the further development of work of the Christian Brotherhood Movement in Victoria and district, the Rev. Robert Connell being appointed Chairman and R. T. Chavre, 3,408 Douglas Street, Secretary. It is requested that the secretaries of all existing Men's Brotherhood Adult Bible Classes, Clubs or any other men's meetings send their addresses to Mr. Chavre so that he may keep them advised as to the movement.

**ANGELICAN.**  
**CHRIST CATHEDRAL.**—Holy communion, 8 a.m.; matins (shortened) and holy communion, 11 a.m.; preacher, the Dean; Sunday School, 2:30 p.m.; evening song and sermon, 7:30 p.m.; preacher, the Dean; The Very Rev. C. S. Quainton, D.D., dean and rector.

## TO ORDAIN PRIEST AT ST. ANDREW'S CATHEDRAL ON MONDAY MORNING

On Monday at St. Andrew's Cathedral, Bishop Macdonald will ordain to the priesthood Alexander MacClellan, of Glenview, Cape Breton, N. S. Mr. MacClellan, who has just completed his course of study at Menlo Park Seminary, San Francisco, will be stationed for work at St. Andrew's Cathedral.

This is the first ordination to take place in Victoria since 1912. The service will begin at 9 a.m.

"Dick, darling," hinted Mrs. Young-bird, "do you remember how we used to sit on one chair at papa's?"  
"That was all right at papa's," replied the practical Dick, "but I'm not going to forget that these chairs cost me good money."

A good story is told of a famous author who had the misfortune to be seated next to a terrible boring old lady at a friend's dinner party.  
"Do you know, Mr. Blank, she said gushingly, 'my sister was intending to sail on the Lusitania, but was prevented at the last moment; wasn't that fortunate, now?'"  
"I really couldn't say," replied the author, "I never knew your sister."

## YOUNG PEOPLE'S DAY AT ST. JOHN'S

Rev. J. W. Storey, of Vancouver, Preacher at Special Services To-morrow

Sunday will be "Young Peoples' Day" at St. John's Church, Quadra Street, and the Rector, Rev. F. A. P. Chadwick has invited Rev. J. W. Storey, of Vancouver, a recognized authority and expert on religious work among young people to preach at the special services throughout the day. At the morning service at 11 o'clock, Mr. Storey will take as his subject "The Child in the Midst—The Sunday School and Its Work," and in the evening at 7:30 his theme will be "A Plea for Reconstruction in Religious Education." Those interested in religious education are especially invited to these services, and the young people are cordially asked to be present.

To mark the opening of the fall term of the Sunday School there will be a special rally of all the Sunday School children at 2:30 p.m. when the classes for the ensuing term will be organized and a special service will be held in the church at which Rev. J. W. Storey will preach. Parents and

friends of the children are asked to see that their children are present at these services and to come with them. That Superintendent, W. R. Sayer would gladly welcome any wishing to offer themselves for the work of teaching and asks any such to report to him on Sunday at the Sunday School Rally on Sunday afternoon.

## BISHOPS TO MEET PRESBYTERIANS

According to information received in church circles, it is probable that the Bishops of British Columbia will meet toward the close of October at Vancouver, in conference with the special committee appointed last May by the Presbyterian Synod of British Columbia, regarding questions of church union and co-operation. The chairman of the committee of bishops is the Bishop of Kootenay, Dr. A. J. Doull. The Presbyterian committee consists of Judge J. D. Swanson, of Kamloops, and Rev. R. G. MacBeth, the well-known historical writer, of Vancouver, with Dr. J. T. Ferguson, superintendent, of home missions, as chairman.

## GIPSY SMITH HERE IN OCTOBER

The local committee in charge of the arrangements for the evangelistic campaign of Gipsy Smith announces that the mission will open in Victoria on October 26. There are many in Victoria who have heard this famous

evangelist speak and sing to thousands in the largest auditoriums in the Old Country and on this continent, and they anticipate his coming with much pleasure. Gipsy Smith has had a wonderful experience, rising from the obscurity of a Roman camp to become one of the most famous evangelists of the world. He spoke and sang to thousands of soldiers in France and was received with pleasure everywhere.

His mission in Victoria will be purely undenominational, a number of the local churches uniting to bring him to the city.

Efforts will be made to secure dates for the evangelist at Nanaimo.

**Will Speak on "Bolshevism."**—Rev. A. E. Cooke, of Vancouver, is to be the preacher at the First Congregational Church at the evening service tomorrow. His subject will be "Bolshevism: What Is It?" Mr. Cooke is an able and eloquent speaker and this address attracted large crowds to his church in Vancouver.

**Is Well Known Salvationist.**—Adjutant Anna Hurst of the Salvation Army is visiting on the Coast from California, taking a brief rest from her duties. In the early nineties she joined the army in Nanaimo when that organization was a thriving institution in the coal mining town. As a singer she enjoyed a large measure of popularity. About twenty years ago she was in charge of Salvation Army work in Vancouver and was well known throughout the province.

## FATHER! MOTHER!

Godparents and all having the care of boys and girls, for whose instruction in religion you are responsible, and whom you wish to be taught and trained in the faith of our Lord and Saviour JESUS CHRIST, according to the principles of THE CHURCH OF ENGLAND IN CANADA

## FRENCH SHIP WAS INSPECTED TO-DAY

Boiler Tubes of Vancouver-built Vessel Will Be Cleaned and Tied Made

Capt. C. Gardiner-Johnson, of Gardiner-Johnson & Co., is in the city to-day from Vancouver, and this morning, in company with other officials, inspected the 1,500-ton wooden steamer C-40, which has been in port since last Saturday with boiler trouble.

The C-40 is equipped with water-tube boilers, and when on the way to sea from Chemung defects developed which caused her master to put in here.

As a result of the inspection it has been decided to clean out the boiler tubes, when the vessel will be put through a 10-hour test, and if that proves satisfactory the voyage will be continued.

It is contended by the Vancouver builders that the vessel has been accepted by the French Government after a satisfactory test, but a representative of the company is here at the request of Captain Letestu to see what can be done in removing the composition that has accumulated in the tubes.

## AUSTRALIAN BOATS TO KEEP COMPANY

Niagara and Makura Expected to Reach This Port About September 25

After experiencing considerable delay on the Australian coast through strikes the Canadian-Australian liner Makura, Capt. R. Crawford, sailed from Sydney on Thursday for Victoria and Vancouver. The liner Niagara, Capt. J. T. Rolls, which left Sydney ahead of the Makura, and which was scheduled to leave Auckland September 7, will not depart from the New Zealand port until September 9. A lone case of influenza developed on the Niagara when crossing the Tasman Sea, and unless additional cases develop the big Australian liner will get away from Auckland on Tuesday next. She is expected to arrive here September 25.

The Makura will probably leave Auckland September 8 and may be expected to reach here about the same time as the Niagara. Both Australian ships are posted to leave outwards on September 30. The two vessels will be in continuous wireless communication en route and final burst of speed is likely to ensue.

## SHIPPING INTELLIGENCE

**Steamship Arrivals Sept. 5.**  
Lapland at Southampton from New York; Nieuw Amsterdam at Rotterdam from New York; Frederick VIII at Christchurch from New York.

**Sept. 4—Arrived:** Steamer Admiral Nicholson, Southeastern Alaska; Yosemite, San Francisco; Sailed: Steamer Alameda, Southeastern Alaska; Seattle Spirit, Yokohama.

**Sydney, N. S. W., Sept. 4—Sailed:** Makura, Victoria.

**Hongkong, Sept. 5—Arrived:** Steamer Melville Dollar, Manila for Vancouver.

**Land Sale Causes Industrial Rumors ON THE MAINLAND**

Vancouver, Sept. 6.—The erection of a fitting out plant and marine machinery industry to cost approximately \$1,000,000, which will employ from 1,500 to 2,000 men, is said to be assured by the sale of a large piece of waterfront on Burrard Inlet. The sale was made to a local shipping firm, which, it is understood, is backed by New York capital. Rumor connects the name of John Coughlan, head of the Coughlan shipyard, with the purchase, although inquiry at the office of J. Coughlan & Sons failed to obtain confirmation.

The property which changed hands this morning comprises 200 feet of waterfront adjoining P. Burns's packing plant. It has a depth of 855 feet to the C. P. R. main line.

Work will commence without delay on the preparation of the property for the erection of the buildings. The location is considered to be one of the best sites along the waterfront, being close to the government docks and elevator.

## LAND SALE CAUSES INDUSTRIAL RUMORS ON THE MAINLAND

Vancouver, Sept. 6.—There is a possibility that the divisional naval transport office may be re-established at this port for the purpose of handling the Chinese coolies who are going home from war service. It is understood that 35,000 of these men are to pass through Vancouver within the next six months.

The C. P. O. S. will start carrying these coolies on this next outward voyage of the Empress of Japan and will take a load on every ship.

## AFRICA MARU COMING

The Osaka Shosen Kaisha liner Africa Maru sailed from Shanghai on September 1 for Victoria, Seattle and Tacoma via Kobe and Yokohama.

Leaving Singapore, the ship will leave for Victoria, Seattle and Tacoma, September 1 for Vancouver.

## PASSED THROUGH CANAL

Second of the Canadian Government ships to be built on this coast, the Canadian Trooper, reached Balboa in the Panama Canal zone, September 3. The Canadian Trooper was built at the Wallace shipyards, North Vancouver.

Every 10c Packet of

**WILSON'S FLY PADS**

Clean to handle. Sold by all Druggists, Grocers and General Stores

## ONTARIO TO LOAD AT PORT ALBERNI

Vessel Expected to Sail Early Next Week to Take on Lumber Cargo

Alberni, on the west coast of Vancouver Island, will probably be the port of loading for the French wooden steamer Ontario, which will be the sixth of the Foundation-built vessels to go on berth to load lumber for the maiden voyage to Europe.

The Ontario is due to get away for her leading port early next week. An invitation has been issued by Capt. Bernard to Victorians to inspect the local product, and it is likely that the French skipper and his officers will be busy on Sunday showing visitors around.

**Trial on Tuesday.**  
The wooden steamer Trols Riveries, ninth ship to be completed at Ogden Point, will go to Esquimaux this afternoon to be hauled out for cleaning and painting. On Monday her engines will be tuned up at the outfitting plant and at 8 o'clock on Tuesday morning the vessel will leave on her trials. The equipping of the Frontenac, which will be the next ship to undergo her trials, is well advanced.

**Launch on Thursday**  
The hull officially known as 214 will be launched from the Point Hope yard of the Foundation Company at 4:30 o'clock next Thursday afternoon. The ship will be christened Quebec by Mrs. S. Shaw, wife of the general manager of the Point Hope plant. A new construction record will be established on this hull which has been built in 47½ working days.

## EMPRESS OF JAPAN WILL TAKE FIRST LOAD OF COOLIES

Vancouver, Sept. 6.—There is a possibility that the divisional naval transport office may be re-established at this port for the purpose of handling the Chinese coolies who are going home from war service. It is understood that 35,000 of these men are to pass through Vancouver within the next six months.

The C. P. O. S. will start carrying these coolies on this next outward voyage of the Empress of Japan and will take a load on every ship.

## AFRICA MARU COMING

The Osaka Shosen Kaisha liner Africa Maru sailed from Shanghai on September 1 for Victoria, Seattle and Tacoma via Kobe and Yokohama.

Leaving Singapore, the ship will leave for Victoria, Seattle and Tacoma, September 1 for Vancouver.

## PASSED THROUGH CANAL

Second of the Canadian Government ships to be built on this coast, the Canadian Trooper, reached Balboa in the Panama Canal zone, September 3. The Canadian Trooper was built at the Wallace shipyards, North Vancouver.

## MANILA MARU WILL LEAVE FOR ORIENT

More Varies Cargoes Are Now Being Shipped by Far Eastern Tonnage

Carrying a general cargo valued at \$1,500,000, the Osaka Shosen Kaisha liner Manila Maru will get away to sea to-day for the Far East. The outbound Japanese ship carries one of the old-time miscellaneous cargoes which were common before the war, the commodities in her holds ranging from toothpicks to lawnmowers. During the war the outbound cargoes shipped by trans-Pacific routes were made up largely of steel, cotton and machinery, while before the war they were composed of a more varied assortment of goods.

The freight carried by the Manila Maru includes 1,500,000 feet of lumber furnished by Tacoma mills and a big shipment of car wheels.

The Manila sailed from Seattle this morning and is expected to arrive at the Outer Docks about 4 o'clock to take on passengers and mails.

Among those boarding the ship here will be a Japanese deport who has been admitted into the country by the immigration authorities. The woman has been acting rather strangely since she arrived on the Manila Maru a couple of weeks ago and latterly has been detained in the immigration building. A number of steamer passengers will embark on the liner when she sails at the Outer Docks this afternoon.

## "SUICIDAL POLICY" TO REMOVE LIFEBOAT

Sp. Capt. Huff Terms Decision to Cease Maintaining Banfield Protection

To a Times representative this morning, Capt. G. A. Huff, Mayor of Alberni, and a retired master mariner, condemned the action of the Government in withdrawing the lifeboat from Banfield Station. Whatever the reason, it is a suicidal policy, he declared. "The equinoctial gales commence in September, and on the treacherous west coast the need for a lifeboat is likely to be only a temporary expedient, the season will be ill-chosen. Had it been in the spring there would have been some justification for the action. Because last year a mild winter off the coast, it did not follow that the coming season would be the same. In the case of an emergency the fishing boats would be left without assistance for the nearest lifeboat, also out of commission, is stationed at Clayoquot, which is about thirty-odd miles from Banfield. Even if this boat could be commissioned it would have to negotiate a big stretch of open sea before reaching the Banfield district may be considered a negligible quantity."

## TIMES SHIPPING GUIDE

### OCEAN STEAMSHIPS

**TO ARRIVE**  
Empress of Japan, from Hongkong, September 12.  
Niagara, from Sydney, September 13.  
Kashima Maru, from Hongkong, September 26.

President of Governor, alternating weekly, 2 a. m. Saturdays.  
**From San Francisco**  
President of Governor, alternating weekly, 2 p. m. Mondays.

### Far West Coast.

Princess Maquima leaves for Port Alberni, 1st, 10th and 20th of each month.

"Well," said the Far West mayor to the English tourist, "I dunno how you manage these affairs in your country, but over here when some of our boys got tied up in that bankrupt telephone company I was tellin' 'er about, they became mighty crisy."

"Oh!"

"Yes, they didn't like the way the receiver was handlin' the business none."

"Indeed!" commented the earnest listener. "Then may I ask what they did?"

"Sartinly, I was goin' to tell yer. They just hung up the receiver."

## ONTARIO PREPARES FOR AN ELECTION

Only Province With Conservative Administration Will Vote Soon

Toronto, Sept. 6.—Ontario is getting ready for an election. The definite steps for this action have not been announced, but the man on the street is looking for the prohibition referendum and the provincial election on the same day, and he has his eye upon one of the first three Mondays in October. There is an unusually active stir around political headquarters these days and an announcement is expected any day now.

Already there are forty-five constituencies in Ontario where nominations have taken place and there are sixty-one other constituencies yet to select their standard-bearers. In nineteen of these constituencies Conservative candidates have been chosen and before the election practically every riding will have held its convention and will have chosen a supporter of the Hearst administration.

Like all other rapid-growth movements, the United Farmers of Ontario have made the biggest noise up to the present time. Already they have selected candidates in thirty constituencies of the province. And not all their candidates are farmers either. In South Grey, for instance, where Hon. Dr. Jamieson, Speaker of the House, has secured the nomination, Dr. George M. Leason is running for the United Farmers. Some of these candidates have announced themselves as with Conservative leanings and some with Liberal leanings.

For the Liberal Party there have been seventeen nominations up to date.

Labor has only one candidate in the field yet—in Niagara Falls. This is Charles E. Swayze, who will be opposed by D. B. White, Liberal, and Dr. Musgrave, who undoubtedly will get the Conservative nomination and who is the present sitting member. In all probability East Hamilton, represented for some years by the late Allan Studholme, will select a Labor candidate.

## OBITUARY RECORD

The remains of the late Mrs. Agnes Roberts, who passed away at the residence, 124 Menzies Street on September 3, were laid to rest in Holy Trinity Cemetery, North Saanich to-day. She leaves to mourn her loss seven daughters and six sons, also one brother, S. Gough, of Nanaimo, two sisters, Mrs. A. Norris, of Nanaimo and Mrs. W. H. Leighton, of Vancouver, and thirty grandchildren.

Joseph Shires passed away at Wellington, B. C., on September 5, 75 years. Born at York, England, he had been for many years a resident of Vancouver Island. Thirty-five years ago he was an employee of the Albion Iron Works in this city, and in later years was in the employ of the Canadian Collieries, Ltd., at Extension, B. C. He is survived by his widow, one son, Squire Shires, in Victoria, and one daughter, Mrs. E. H. Wilkinson, at Union Bay. The remains have been brought to this city for interment at Ross Bay Cemetery. The funeral will be held from the B. C. Funeral Chapel on Monday afternoon at 2.30.

Edward Newcombe Lee, youngest son of the late Edward Lee, of Salt Spring Island, died yesterday at the Royal Jubilee Hospital. Early last month he was invalided home from England with Canadian overseas troops, and had been in a serious condition for a considerable time. Mr. Lee was born on Salt Spring Island twenty-seven years ago, attended school there, in partnership with his brother he operated a large ranch on the island until he enlisted with a battalion for overseas service in 1915. He is survived by one brother and six sisters: W. H. Lee and Mrs. Charles Mollett, of Salt Spring Island; Mrs. B. Barrington and Mrs. M. C. Sands, of Victoria; Mrs. Charles Muggier and Mrs. Charles Klein, of New Westminster; and Mrs. George Percy, of Campbell River. The remains will be removed this afternoon to the family home at South Salt Spring Island, where the funeral service will be held at 2 o'clock tomorrow afternoon. Burial will be in the family plot at St. Mary's Cemetery.

The remains of the late Mrs. Elizabeth Taylor were laid to rest in Ross Bay Cemetery yesterday afternoon. The beautiful floral tributes with which the casket was hidden included tributes from friends made during her long residence of forty-eight years in this city. The Rev. F. A. T. Chadwick officiated at the service held at the Sands Funeral Chapel at 2 o'clock, and the hymns sung were "Rock of Ages" and "Nearer My God to Thee." The pallbearers were H. Cathcart, W. N. Lanfesty, W. A. Smith and M. C. Sands.

The death occurred yesterday at the Chinese hospital of Jung Mar Loy, aged 50 years, and a resident of Victoria for the last twenty years. He was born at Hong Sun, China. The remains are at the B. C. Funeral Parlors and will be interred in the Chinese Cemetery on Monday.

## ROYAL CROWN SOAP

Saves labor. The Coupons with each package are a value in themselves.

**AutoStop RAZOR**

Why the great popularity of the AutoStop Razor? Mainly, because the AutoStop Razor sharpens its own blades and doesn't need to be taken apart for cleaning.

LET THE

**CALORIC**  
FURNACE

Pipeless Furnace Solve Your House-Warming Problem.

WITH coal selling at \$11.50 a ton, house-warming appliances must be closely watched if undue expense is to be avoided. In the Caloric Pipeless Furnace an opportunity is presented whereby 35% of the fuel ordinarily used can be saved. This is not a guess—it is a proven fact. 75,000 Caloric Furnaces are now in use—and giving every satisfaction.

If you have a house-heating problem to solve, at least do yourself the justice of seeing the "Caloric" and talk the matter over with us.

## Who and What Are the Bolsheviki?

This is the subject of an address by **REV. A. E. COOKE** of Vancouver, in the **Congregational Church** Sunday, Sept. 7 at 7.30 p. m.  
Mr. Cooke will also preach at 11 a. m.  
Working men of Vancouver packed Mr. Cooke's Church two successive Sundays to hear this address.  
COME EARLY TO MAKE SURE OF A SEAT.

## READY TO ENTERTAIN DURING ROYAL WEEK

Committee Named to Take Full Charge of Arrangements

In order that there may be no chance of confusion or lack of co-ordination in carrying out the city's welcome to the Prince of Wales during his visit in Victoria on September 23, 24 and 25, arrangements were made yesterday afternoon, at a meeting in the City Council Chamber, for the appointment of an executive committee to look after all the details of the programme of entertainment for the Royal Week celebrations. The committee is made up as follows: Chairman, Mayor Porter; Aldermen Patrick, Sargent and Harvey; A. C. Plummerfelt, J. F. Scott, president of the Rotary Club; J. O. Cameron, president of the Board of Trade; John Cochrane, president of the Canadian Club; presidents of returned soldier organizations, military representatives, J. C. Pendray, president Victoria and Island Development Association; president of the Imperial Order of the Daughters of the Empire; E. S. Woodward, president of the Trades and Labor Council; H. T. Ravenhill, president of the Navy League; Major Riddell, chairman of the Board of School Trustees; Reeve Charles E. Wilson, of Oak Bay; Reeve C. B. Jones, of Saanich; Reeve Arthur Coles, of Esquimalt; and the heads of other public organizations. Among the details of the plans for the reception will be an elaborate scheme of decoration and all local business houses will be asked to render assistance in making this feature of the week a big success. The Rotary Club has undertaken to campaign for appropriate decoration of the city.

## SPENT FEW DAYS HERE

Hon. Frank Carrel, Editor of Quebec Daily Telegraph, Visits.

Hon. Frank Carrel, editor and proprietor of The Quebec Daily Telegraph and member of the Legislative Council of Quebec, was at the Empress Hotel this week while in the west looking into some of his business interests here. Mr. Carrel is a heavy holder of Vancouver Island coal mine stock and stated that conditions are so favorable that large developments may be expected in the near future.

Mr. Carrel is director of a number of corporations, including the International Portland Cement Company of Spokane, a concern promoted largely by Canadian capital; the Canadian Steamships, the Prudential Trust Company, the Mount Royal Brick Company, Limited, the Canadian Securities Corporation and the Mexican Mahogany and Rubber Corporation. Major-General Sir David Watson is proprietor of The Quebec Chronicle, the other English newspaper in Quebec, and Mr. Carrel, during General Watson's absence at the war, was in charge of the paper.

REV. J. G. INKSTER

Has just returned from England, Scotland and eastern Canada. He will preach at both diets of worship in First Presbyterian Church to-morrow.

His morning subject will be: "The Most Urgent Business of the Christian Church."

At the evening service he will give some impressions received at the great Keswick Convention.

## DON'T FORGET

to look in our window, 708 Yates St. You wouldn't believe it, but the evidence is there.

WE KNOW HOW.

THE REAL WHITE WAY.

assisted in conducting his rival publisher's business, the two being warm personal friends. Discussing the rumors of Sir Lomer Gouin's possible entry into Dominion politics, Mr. Carrel expressed the opinion that such was unlikely, but he could understand the possibility, as Sir Lomer had been Premier of Quebec for so long and with such extraordinary success that life might almost have become monotonous for him. He remarked business acuity and his unimpeachable honesty were characteristics which in Mr. Carrel's opinion, made him one of the greatest men in Canada.

## WHY BEAUTY FADES

A Condition Due Entirely to Poor, Watery Blood

The girl who returns home from school or from work thoroughly tired out will be fortunate if she escapes a physical breakdown, because this getting tired so easily is probably the first warning-symptom of a thinning blood that must not be disregarded if her health is to be preserved. When the blood becomes thin and impure the patient becomes thin, pale, haggard and angular. She not only tires out easily but suffers from headaches, palpitation of the heart, dizzy spells and a loss of appetite. This condition will go from bad to worse, until perhaps fatal consumption sets in, if prompt steps are not taken to increase and enrich the blood supply. To make the rich, red blood that brings the glow of health, no medicine yet discovered can equal Dr. Williams' Pink Pills. If given a fair trial their use brings rosy cheeks, bright eyes, a good appetite and good spirits. Dr. Williams' Pink Pills have made thousands of pale, languid girls active and strong. On the first sign of poor, thin blood mothers should insist upon their daughters taking a fair course of these pills. They will not only restore health, but will save further doctor bills. Dr. Williams' Pink Pills can be obtained from any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

## HAUNTED BY FEAR, GAVE HIMSELF UP

Military Deserter Could Stand Strain No Longer; Fined in Police Court To-day

William E. Fry, a draftee who deserted from the First Depot Battalion at Vancouver in June, 1918, rendered himself to Chief of Police Langley at police headquarters here yesterday. To-day Magistrate Jay in the police court fined him \$25 or six months in jail.

City Prosecutor Harrison said that the military authorities would be satisfied with a fine in this case.

Fry pleaded guilty when the charge was read to him. He told Chief Langley that he was forced to give himself up by the fear of arrest that has haunted him continually. He said that his situation had so preyed on him that he would sooner suffer any penalty the courts might impose than endure it any longer. After deserting he made his way to Deadman's River, where he hid his uniform in the woods and went to work in the lumber camps. The police found \$105 in cash on him when they searched him at headquarters.

## COUNTY COURT TRIAL LIST FOR SEPTEMBER

Dates Will Be Set Down Monday; Judge Lampman Has Busy Month Ahead

Monday will be setting down day in Judge Lampman's Court and dates for the hearing of the following trials will be set: British American Trust Company vs. Clayton; Brenan vs. Comerford; Heinekey vs. B.
